Minutes of the 646th Meeting of SEIAA dated 28.11.2020

The 646th meeting of the State Level Environment Impact Assessment Authority was convened on 28.11.2020 at the Authority's Office in Environmental Planning and Co-Ordination Organization (EPCO), Paryavaran Parisar, Bhopal. The meeting was chaired by Shri Rakesh K. Shrivastava, Chairman, SEIAA. The following members attended the meeting:-

1	Shri R.K. Sharma	Member
2.	Smt. Tanvi Sundriyal	Member Secretary

Following mining and other than mining cases have been considered:-

S.No	Case No.	Category	No. & date of latest SEAC & SEIAA meeting
1.	7894/2020	1(c)	465th SEAC Meeting dated 07/11/2020.
2.	7891/2020	1(c)	465th SEAC Meeting dated 07/11/2020.
3.	7425/2020	1(a)	453rd SEAC Meeting dated 28/08/2020.
4.	7879/2020	5(f)	465th SEAC Meeting dated 07/11/2020.
5.	6705/2019	8(a)	446th SEAC Meeting dated 06/07/2020.
6.	7714/2020	1(a)	461st SEAC Meeting dated 29/09/2020.
7.	7797/2020	1(a)	463rd SEAC Meeting dated 01/10/2020.
8.	7486/2020	1(a)	454th SEAC Meeting dated 29/08/2020.
9.	7661/2020	5(f)	464th SEAC Meeting dated 03/10/2020.
10.	7890/2020	1(a)	EC Transfer
11.	7895/2020	1(a)	EC Transfer
12.	6339/2019	1(a)	608th SEIAA Meeting dated 04/05/2020.
13.	6620/2019	1(a)	598th SEIAA Meeting dated 20/02/2020.
14.	7819/2020	1(a)	643rd SEIAA Meeting dated 06/10/2020.
15.	5669/2020	1(a)	639th SEIAA Meeting dated 30/09/2020.
16.	7354/2020	1(a)	631st SEIAA Meeting dated 11/08/2020.
17.	7430/2020	1(a)	640th SEIAA Meeting dated 01/10/2020.
18.	6928/2020	1(a)	641st SEIAA Meeting dated 03/10/2020.
19.	7637/2020	1(a)	644th SEIAA Meeting dated 07/10/2020.

22.	7795/2020	1(a)	644th SEIAA Meeting dated 07/10/2020.
23.	7860/2020	1(a)	644th SEIAA Meeting dated 07/10/2020.
24.	7662/2020	5(f)	644th SEIAA Meeting dated 07/10/2020

1. **Case No 7894/2020:** Prior Environment Clearance for Mendha Irrigation Project at Village - Mendha, Tehsil Bhaisdehi, Dist. Betul (MP). CCA- 5800 ha, GCA-7250 ha.,by Executive Engineer, Water Resources Division No. II, Office of the Executive Engineer, Dist. Betul, MP, Env. Con.- R. S. Envirolink Technologies. Pvt. Ltd. Gurgaon.

   1. Mendha Irrigation project has been conceived by Water Resources Department, Madhya Pradesh. The Project is proposed on Tapti River near Village Mendha, Tehsil Betul of District Betul.

   2. The project has a command area of 5,800 ha; therefore as per EIA notification of September 2006 and subsequent amendment dated 14th August 2018, it is a

(Tanvi Sundriyal)
Member Secretary

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

Category B2 project (Medium irrigation project having CCA > 2000 ha and < 10000 ha)" and hence shall be appraised by SEIAA/SEAC, Madhya Pradesh.

3. No National Park, Sanctuary, Defense Establishments, Archeological Monuments, Notified Eco-sensitive areas or protected area under Wildlife (Protection) Act exists within the project area or within 10 km distance from it.
4. Mendha Medium Irrigation project has been planned to cater to the drinking and irrigation water requirement of Athner tehsil of Betul District, which are declared drought prone areas due to acute shortage of surface and ground water sources.
5. The project proposes to construct a 36.40 m (maximum) high dam across Tapti River near Mendha village to create 36.46 MCM of gross storage of water for drinking and irrigation. It will serve a command of 5800 ha (CCA) spread over 19 villages in Athner tehsil of Betul District. Water from reservoir will be lifted by using Pump House 1 and supplied to existing Khodri Tank through 7.7 km long Rising Main 1. Further from Khodri Tank water will be lifted by Pump.
6. Total land requirement for the project is 384.753 ha out of which 19.451 ha is required for approach road, staff quarters, office, store, rising main, distribution chamber etc. and 365.302 ha comes under submergence.
    - Total land requirement of 384.753 ha. constitutes of -
        - government land: 141.311 ha
        - private land: 223.302 ha
        - forest land: 20.140 ha
    - Proposals for diversion has been submitted vide reference no. FP/MP/IRRIG/37074/2018 dated July 11, 2019.
    - A total 7 villages of Betul and Bhainsdehi tehsil will be affected, out of which 3 villages (Menda, Khapa and Borikas) will involve displacement of families also.
    - 205 houses (540 nuclear families) of 3 villages will be displaced and resettled.
7. Catchment Area: The total catchment area up to the dam site of proposed Mendha irrigation project is 1380 sq km.
8. Command Area: The command area lies on left bank of Tapti river and covers 19 villages of Athner tehsil of district Betul.

PP has approached to the Ministry of Environment, Forest & Climate Change, Govt. of India vide reference no. FP/MP/IRRIG/37074/2018 dated 11th July 2019 for diversion of forest land. After deliberation, PP was asked to submit first stage forest clearance as 20.140 ha forest land is involved in the project area.

2. **Case No.7891/2020:** Prior Environment Clearance for Garha Irrigation Project at Village - Kodaroti, Sadar, District- Betul (MP) Gross Command Area- 11500 ha Cultureable command area (CCA): 8500ha; Catchment Area- 390.75 sq.m. Submergence Area 954.13 ha by Executive Engineer, Water Resources Division No. II, Office of the Executive Engineer, Dist. Betul, MP, Email – eewrdbetulmp@rediffmail.com, Mob - 9826222772 Env. Con.- R. S. Envirolink Technologies. Pvt. Ltd. Gurgaon.

1. The project involves construction of a dam across Machna river, to create gross storage capacity of 39.62 MCM out of which 31.885 MCM will be utilized for lift irrigation scheme and 2.00 MCM for drinking water.
2. This will be a 1185 m long Dam (971 m earthen and 214 m concrete/masonry) with a maximum height of 19.86 m from deepest riverbed level.
3. Dam will create a Gross storage 39.62 MCM and live storage of 31.885 MCM.
4. Water will be lifted through a rising main of 4.5 km up to DC and then distributed by two gravity mains of 10.5 km and 7.5 km long.
5. 3.06 cumec of water will be lifted in this scheme during Rabi season only.
6. Water shall be delivered up to 5 ha chak, beyond which cultivators shall connect their own line and sprinkler system.
7. Total 31 villages will be benefitted, 25 villages of Betul CD Block, 5 villages of Chicholi CD Block and 1 village of Ghodadongri CD Block
8. There is no wildlife sanctuary, National park (DFO letter dtd. 24.09.20) and interstate boundary(PWD letter dtd.17.09.20) within 10 km of the project area, hence general conditions are not attracted.
9. The project has a command area of 8500 ha; therefore as per EIA notification of September 2006 and subsequent amendment dated 14th August 2018, it is a Category B2 project (Medium irrigation project having CCA > 2000 ha and < 10000 ha)" and hence shall be appraised by SEIAA/SEAC, Madhya Pradesh.
10. The project is planned by WRD, MP to provide irrigation & drinking water to Betul, Chicholi and Ghodadongri blocks of Betul district.
11. The project is planned to cater irrigation water to 8500 ha of CCA in 31 villages of Betul, Chicholi and Ghodadongri blocks of Betul district.
12. Total land requirement for the project is 966.13 ha out of which 12 ha is required for approach road, staff quarters, office, store, rising main, distribution chamber etc. and 954.13 ha comes under submergence.
13. Total land requirement of 966.13 ha constitutes of:
    - government land: 113.47 ha
    - private land: 852.66 ha
    - No forest land shall be required for the project.

(Tanvi Sundriyal)
Member Secretary

14. A total of 10 villages of Betul CD Block will be affected, out of which 2 villages will involve displacement of families.

15. 17 houses (36 nuclear families) will get displaced and resettled; from 2 villages viz. Kodaroti and Padhar Khurd. They will be settled near the same villages on available government land.

16. The case was discussed in SEAC meetings 465th SEAC meeting dtd. 07.11.20 and and is recommended for grant of prior EC subject to special conditions.

As per above recommendation, the case was scheduled for presentation and It is noted that Green belt is proposed to be developed within the project area around reservoir periphery, along the network of approach roads, residential areas and other working areas restored. After discussion and deliberation, PP was asked to submit specific green belt development plan giving location, number of trees and name of tree species to be planted with budget break-up

3. **Case No 7425/2020** Prior Environment Clearance for Stone Quarry (opencast manual/semi mechanized method) in an area of 1.408 ha. for production capacity of 25698 cum per annum at Khasra No. 193/1 at Village - Medhakhar, Tehsil - Pushparajgarh, Dist. Anuppur (MP) by Shri Sunil Kumar Gupta S/o Shri Sharda Prasad Gupta, R/o Village & Post - Lilatola, Tehsil - Pushparajgarh, Dist. Anuppur, MP – 484887

This case was recommended in 453rdSEAC meeting dated 28.08.2020 and PP was called for presentation but PP could not present in the meeting for presentation hence, case is deferred for upcoming SEIAA meeting.

4. **Case No. 7879/2020 :** Prior Environment Clearance for propsed project Manufacturing of bulk drugs intermediates and API products at plot no.61 AKVN, Industrial Area, Maksi,Dist- Shajapur, M.P - 465106 Total Plant area – 2050 sq. m. Production Capacity: 74 MT/Per Month by M/S. VISHWATMAK OM GURUDEV ENG. ENT. PVT LTD through Director Shri Dilip Moradia 401,safal view, sec 20, plot no. 41/41B, Koperkhairne, Navi Mumbai, Shajapur, Shajapur, MP- 465106 Email : info.vogee@gmail.com Mob : 9833814300 Envt. Consultant : CES,Bhopal

(1) The project is proposed for Manufacturing of Bulk Drug, Intermediates & API at Plot No. 61, AKVN Industrial Area, Maksi, Dist. Shajapur, (MP).

(2) Presently having consent to establishment of solvent distillation and already applied for consent to operate for the same.

(3) Now as diversification, company has proposed to manufacture various intermediates which are used as bulk drug intermediates and API (Active Pharmaceutical Industries) intermediates.

(4) Due to recent outbreak of covid-19 pandemic, the demand for life saving and essential drugs is very high eventually causing high demand for bulk drug intermediates.

(5) Production Capacity –74kg/month. The proposed products Chlorhexidine Base, PHMB 20 % in water, , Para chloro meta xylenole, Para chloro phenol N-Propyl Bromide, 5-chloro-1-methyl-4-nitro-1Himidazole, Sodium marcaptopirone, Chlorhexidine gluconate 20 %, 4, 7 dichloro quinolone etc,

(Tanvi Sundriyal)
Member Secretary

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

(6) The proposed production capacity is 74kg/month. Proposed product and production capacity:-

Sr. No.	Product Name	Proposed Quantity (MT/PM)
1.	Chlorhexidine Base	20
2.	PHMB 20 % in water	05
3.	Pera chloro meta xylenol	05
4.	Para chloro phenol	05
5.	N-Propyl Bromide	05
6.	5-chloro-1-methyl-4-nitro-1H-imidazole	1
7.	Sodium marcaptopirone	1
8.	Chlorhexidine gluconate 20 %	30
9.	4,7 dichloro quinolone	02
	Total (MT/PM)	**74**

(7) The proposed project is covered under 5 (f) category (B) of the schedule of EIA Notification issued by the Ministry of Environment & Forests vide S.O.1533 (E), dtd. 14.09.2006 and its amendments, hence is required to obtain prior EC. In the context of pandemic COVID -19, GoI's MoEF&CC issued a OM vide dated 13.04.2020 for considering the API & Bulk drug Projects as B-2 category.

(8) There is no interstate boundary within 05 km and no National park, Sanctuary and Eco-sensitive areas within 05 km of the project area hence General condition are not attracted.

(9) The case was discussed in SEAC meetings 465th dated 07.11.2020, and recommended for grant of prior EC.

(10) Today the case scheduled for presentation and after deliberations by PP the case was discussed in depth & it is recorded that:-

i. The project is proposed in the company's existing premises having land of **2050** sq mt, Regarding land documents PP has submitted allotment letter. As per the allotment letter the said land is allotted to M/S. VISHWATMAK OM GURUDEV ENG. ENT. PVT LTD. The land use breakup of the project area is as follows:-

Sr. No.	Particulars	Existing Area (sq. m.)	Proposed Area (sq. m.)	Total Area (sq. m.)
1	**Built up area**	**630***	**350**	**980***
1.1	Production blocks	200	100	300
1.2	Utility (Cooling tower, Panel board, Boiler, Chilling plant, storage tanks)	135	50	185
1.3	R/M and F/G Stores	225	100	325
1.4	Office Block including QA and QC	70	50	120

(Tanvi Sundriyal)

1.5	ETP & ZLD	00	50	50
2	**Garden Area**	**676.5**	**00**	**676.5**
3	**Open Area**	**743.5**	**00**	**393.5**
	Total Land Area	**2050**		**2050**

ii. The main source of water is from Company's Bore-wells/ tanker. Water Consumption is 3.6 KLD. No significant impact is being envisaged.

iii. Only 3KL effluent is being envisaged which shall be treated through ZLD.

iv. Solvent from process- Solvent Recovery system with double condenser.

v. Water generated will be recycled in the process. Vapor coming out from the process will go to double condenser. The treated water will be used for cooling towers, floor washing and gardening/green belt.

vi. Following are the EMP planned for proposed activities of the plant

- Storm water drainage system will be developed and shall be maintained preciously to prevent the flow of silt and other contaminant outside of the site
- A drain along the boundary wall shall be made, which will be connected proposed settling tank to protect the flow of contaminant towards nearby area
- Being a chemical based plant, it is proposed to harvest the rain water only form the building roof top.
- No treated / untreated effluent would be discharged on land in Industrial premises or study area.

vii. Solid waste generated during the manufacturing process and wastewater treatment process is mainly sludge and will be disposed at authorized TSDF facility as per Hazardous and Other Waste (Management & Transboundary Movement) Rules, 2008 (Amendment 2016).

- Disposal of hazardous waste on regular basis shall be ensured and there should be no dumping of these materials in the premises/outside.
- Hazardous chemicals shall be stored in sealed tanks, drums etc. Flame arrestors shall be provided on tanks. To avoid the spillage from processing unit, Industry shall provide fully mechanized filling and packaging operation unit.
- Flammable, ignitable, reactive and non-compatible wastes should be stored separately and never should be stored in the same storage shed.

viii. At present the total connected load of power is about 80 HP. In case of power failure, D.G. set (35 KVA -01 no) will be used as a backup power source.

(Tanvi Sundriyal)
Member Secretary

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)

ix. To mitigate the impact of pollutants from boiler stack, diesel generator sets, sources of fugitive emission and vehicular traffic during the operational phase of the site, following measures are proposed for implementation:

- Height of all the stacks will be as per statutory requirement. All the stacks will have Stack Monitoring Facility (SMF) consisting of sampling port-hole, platform and access ladder.
- Bag Filters and venturi scrubber are proposed as per the requirement and nature of pollutant.
- Online monitoring system for the pollutants from the stacks with an arrangement to reflect gaseous emission parameters on company's server shall be provided.
- Transport vehicles will be properly maintained to reduce air emissions. Vehicles will be periodically checked for pollutant emissions against stipulated norms.
- Development of green belt in time bound manner in consultation with forest department.
- Provision of enclosure for all the loading & unloading operations, if possible.
- Regular maintenance of air pollution control equipment.
- Regular monitoring of VOC, concentration in work zone
- Better process control shall also help to keep the emission within the limit
- In order to control the fugitive dust emissions due to transportation activity, all the operational roads within the plant area shall be asphalted.

x. The plantation and green belt is developed in 676 sq. mtr area by planting thick foliage nos. of plants.

xi. PP has included Disaster Management plan in the EMP report. For firefighting measure PP has provided Fire extinguishers and Fire Hydrants at project site.

xii. The total estimated cost of the proposed project Rs. 1 Cr out of which, Rs. 15.65 Lacs (capital cost) is allocated for environmental management systems and the annual recurring cost for the same is Rs 4.91 Lacs.

xiii. As part of CER activity PP has proposed to provide PPE kits, Hand sanitizer etc for Covid-19 awareness.

Hence It is decided to accept the recommendations of 465th SEAC meeting dtd 07.11.2020 and accord Prior Environment Clearance for proposed Manufacturing of bulk drugs intermediates and API products at plot no.61 AKVN, Industrial Area, Maksi ,Dist- Shajapur, M.P - 465106 Total Plant area – 2050 sq. m. Production Capacity: 74 MT/Per Month by M/S. VISHWATMAK OM GURUDEV ENG. ENT. PVT LTD through Director Shri Dilip Moradia 401,safal

view, sec 20, plot no. 41/41B, Koperkhairne, Navi Mumbai, Shajapur, Shajapur, MP - 465106 subject to following specific conditions:-

1. The entire demand of fresh water should be met through tanker supply if necessary withdrawal of ground water PP should NOC from CGWA for the same. Fresh water should not be used for Irrigation and gardening purpose.

2. **Waste water:**

   (a) PP should ensure "Zero effluent discharge" from the unit by 100% recycling. The water softening reject, boiler blow down reject and cooling blow down will be treated in ETP. Further treated waste water will go through the RO and finally re used / recycled in the process and unused waste water evaporates in MEE.

   (b) RO and MEE should be provided for treatment of high COD waste streams and only in case of emergency/breakdown high COD wastes should be disposed off through CTSDF, Pithampur,Dhar

3. **For Air Pollution:**

   (a) PP should ensure regular Stack monitoring & Ambient air quality monitoring and should be carried out as per the guidelines/norms of MPPCB/CPCB.

   (b) In plant control measures for checking fugitive emission from all the vulnerable sources shall be provided. Fugitive emission shall be controlled by providing closed storage, closed handling & conveyance of chemicals/materials, multi cyclone separator/bag filters and water sprinkling system.

   (c) Company shall carry out the HAZOP study and report shall be submitted to ministry MoEF & CC Regional Office, Bhopal.

   (d) For control of fugitive emission and VOCs following steps should be followed:-

   - Chilled brine circulation system shall be provided and it should be ensured that the solvent recovery efficiency is not be less than 95%.
   - Reactor and solvent handling pump shall be provided with mechanical seal to prevent leakage.
   - Solvent shall be taken from underground storage tank to reactor through closed pipeline. Storage tank shall be vented through trap receiver and condenser operated on chilled water.

4. **Hazardous Waste Management:**

   (a) As proposed above, PP should ensure disposal of hazardous waste regularly and there should be no dumping of these materials in the premises/outside.

   (b) PP should ensure handling, disposal and management of hazardous waste as per the related prescribed rules.

   (c) PP should obtain Renewal of authorization regularly from MPPCB for collection storage and disposal of hazardous waste (Management, handling

(Tanvi Sundriyal)
Member Secretary

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

& transboundary Movement) Rules 2008 and its amendments. Membership of the TSDF should be obtained for hazardous waste disposal.

(d) Hazardous chemicals should be stored in sealed tanks, drums etc. Flame arrestors shall be provided on tanks. To avoid the spillage from processing unit, Industry shall provide fully mechanized filling and packaging operation unit.

5. **Green Belt Development:**

(a) PP should ensure plantation as proposed 676 sq mt of area with indigenous local varieties like Neem, Peepal, Kadam and Kachnaar.

(b) Every effort should be made to protect the existing trees on the plot.

(c) Green area including thick green-belt shall be developed in at least 33% of the plot area to mitigate the effect of fugitive emissions all around the plant in consultation with the forest department as per the guidelines of CPCB.

6. PP should ensure the implementation of CER activities to the extent of Rs.1.0 lakhs as committed during presentation on regular basis in consultation with Collector, Dhar

7. All other conditions as laid in the consents of MPPCB shall be applicable.

8. Proper piezometric holes for ground water sampling.

9. PP should obtained approval from competent authority for health & safety measure, Onsite & offsite disaster management, and risk management plan.

10. Dedicated power supply shall be ensured for uninterrupted operations of treatment systems.

11. PP should ensure installation of photovoltaic cells (solar energy) for lighting in common areas, LED light fixtures and energy efficient equipments.

5. **Case No. - 6705/2018** Prior Environment Clearance for Proposed 150 admissions medical college & hospital (Plot Area - 177638.598 sqm, Built up Area - 84096.575 sqm) at Village - Kirpalpur, Tehsil - Raghuraj Nagar, Dist.- Satna,(M.P.) by Shri Subhash Patil, Office of Divisional Project Engineer, Project Implementation Unit, at Public Works Department, Dist. Satna,(M.P.)

This case was recommended in 446th SEAC Meeting dated 06.07.20 and PP was called for presentation but PP could not present in the meeting for presentation hence, case is deferred for upcoming SEIAA meeting.

6. **Case No 7714/2020** Prior Environment Clearance for Stone Quarry (opencast manual/semi mechanized method) in an area of 1.20 ha. for production capacity of 9643.20 cum per annum at Khasra No. 120, 121, 216 at Village - Hardi, Tehsil - Sihawal, Dist. Sidhi, (MP) by M/s Gill Stone Crusher, Prop. Shri Hasanpreet Singh Gill, R/o Village & Tehsil - Obra, Dist. Sonbhadra, UP.

This case was recommended in 461st SEAC meeting dated 29.09.2020 **and PP was called for presentation but PP could not present in the meeting for presentation hence, case is deferred for upcoming SEIAA meeting.**

7. **Case No 7797/2020** Prior Environment Clearance for Stone Quarry (opencast manual/semi mechanized method) in an area of 1.50 ha. for production capacity of 31920 cum per annum at Khasra No. 8/11, 8/12 at Village - Harraha, Tehsil - Mauganj, Dist. Rewa, (MP) by M/s Adaypur Supplier and Contractor, Prop., Shri Deependra Singh, R/o Adaypur, Tehsil - Churhat, Dist. Sidhi, MP.

   This case was recommended in 463rd SEAC meeting dated 01.10.2020 and PP was called for presentation but PP could not present in the meeting for presentation hence, case is deferred for upcoming SEIAA meeting.

8. **Case No. 7486/2020**; Prior Environmental Clearance for Crusher Stone Quarry (Opencast Manual/Semi Mechanized Method) in an area of 1.80 ha. for production capacity of 20000 cum per annum at Khasra No. 112/10 at Village - Dongri, Tehsil - Rehti, Dist. Sehore (MP) by M/s Shreya Stone, R/o Pricipal Place - 28, Nandgaon, Baghmugaliya, Dist. Bhopal, MP – 466446 by M/s Shreya Stone, R/o Pricipal Place - 28, Nandgaon, Baghmugaliya, Dist. Bhopal, MP – 466446.

   This case was discussed in 638th SEIAA meeting dated 16.9.2020 and it was recorded that.....

   This case was recommended in 454th SEAC meeting dated 29.08.2020 and it was recoreded that .....

   ..... PP has submitted the response of above quarries same date vide letter dated 29.08.2020, which was placed before the committee and the same found satisfactory. The EMP and other submissions made by the PP were found to be satisfactory and acceptable, hence committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'A':

   It was observed that PP has submitted information regarding the leases within 500 meters radius around the site in the prescribed format duly verified in the Tehsildar letterNo.279/2019 dated 11/11/2019 has reported that there are no more mines operating or proposed within 500 meters around the said mine. During presentation it has been observed that there is another mine seen in google image so the authority seek information/clarification from PP to submit latest certificate from Mining Officer, Sehore regarding other mines within 500 m. periphery of said mine.

   In response to query in 638th SEIAA meeting dated 16/9/2020, Miining officer has reported vide letter No. 1854 dated 6.10.2020 there are no more mines operating or proposed within 500 meters around the said mine Since PP has submitted the required information vide letter dated 11.11.2020 with a request to relist the case hence case is relisted and considered for EC appraisal.

   PP/Consultant made a presentation and all concerned issues were discussed in detail. After detailed discussions and perusal of recommendations of 454th SEAC meeting dated 29.08.2020, presentation made by the PP in SEIAA, it was decided to accept the recommendation of SEAC for grant of prior EC to the project subject to the following specific conditions:-

   I. Before commencing any mining activity fencing shall be carried out all around the lease area. Proper watch and ward arrangements should be made with installation of signage at 4 corners of lease area to avoid any untoward incident involving public and animals by the PP.

   II. PP shall not start mining activity before execution of lease agreement.

   III. The depth of the pit shall be as per the Approved Mining Plan.

(Tanvi Sundriyal)	(R.K. Sharma)	(Rakesh K. Shrivastava)
Member Secretary	Member	Chairman

IV. The entire area shall be fenced and three rows of plantation should be done on the periphery of the boundary.

V. PP shall ensure the proper water supply arrangements for dust suppression, regular sprinkling, plantation and drinking purposes especially in summer season.

VI. Total 2400 saplings of suitable tree species i.e. Neem, Pipal,Bargad,Gulmohar Amla etc. shall be planted by PP under plantation programme in consultation with DM at identified revenue land of the district. PP shall also explore and identify the chunk of land in the area from revenue record to carry out plantation programme as proposed.

VII. PP shall ensure proper implementation of plantation, dust suppression, construction of approach road and maintenance of existing pakka road as part of Environmental Management Plan. Additional budget provision shall be made as part of EMP.

VIII. PP must ensure implementation of the following activities under CER:

1. 1st Year: Provide to distribution of masks and sanitizers to villagers and conducting an awareness program through Panchayat for the protection from the spread of Corona virus (COVID 19 Pandemic), development of grazing land and maintenance of Govt. Primary school Kosmi.
2. 2nd to 5th Year: Construction of Community hall in Dongri.

PP shall give preference to develop/provide infrastructural facilities in schools or aanganwadies of above villages. The modification to the above activities can be made with the permission of the district administration and need based activity for the development of nearby villages shall be implemented by PP in consultation with the District Collector and Gram Panchayat.

IX. PP should ensure to submit half yearly compliance report, Plantation and CER activity report along with photographs of all activities in MP-SEIAA. If PP is failed to upload or submit two consecutive half yearly compliance reports of EC conditions to concerned authority (SEIAA and Regional Office, MoEF&CC,GoI,Bhopal) than prior environmental clearance issued to PP will automatically be treated as cancelled/ revoked as per OM No. 930/SEIAA/2019 dated 30.05.2019 issued by MPSEIAA..

Hence, Prior Environmental Clearance is granted for Crusher Stone Quarry (Opencast Manual/Semi Mechanized Method) in an area of 1.80 ha. for production capacity of 20000 cum per annum at Khasra No. 112/10 at Village - Dongri, Tehsil - Rehti, Dist. Sehore (MP) for the lease period to M/s Shreya Stone, R/o Pricipal Place - 28, Nandgaon, Baghmugaliya, Dist. Bhopal, MP – 466446.

9. **Case No. 7661/2020 :** Prior Environment Clearance for Proposed Expansion in production capacity of life saving drugs from the opium at Bungalow No. 57, Besides Ashish Bhavan Church, Tehsil & Dist. : Neemuch, MP Total Area: 57,000.0 sq.m. Production Capacity : 30.0 MT/Y (Existing : 8.4MT/Year Proposed : 21.6 MT/Y) by

Government Opium & Alkaloid Works GOVERNMENT OPIUM AND ALKALOID WORKS MINISTRY OF FINANCE DEPARTMENT OF REVENUE through GM Bungalow No. 57 Station Road, Neemuch, MP-458441 Email: gmopiumnmh@dataone.in Ph- 07423-227867 Mob : 9479884179

The case was discussed in 463rd SEAC meeting dtd. 09.10.20 and recorded that :

" Since the tenure of SEAC will be over on 09 October, 2020 and all such cases which are pending at SEAC will become category-I cases in the absence of SEAC. Thus case file is being sent to SEIAA for onward necessary action please".

As per above recommendation the case was discussed in 643rd SEIAA meeting dated 06.10.20 and it was recorded that:-

..... As per above observation of SEAC, it has been decided to delist above cases mentioned in S. No. 81 to 132 on the condition that if PP intends to present the case in SEIAA, it will then be relisted for appraisal. Copy to PP and all concerned.

PP has submitted desired information and requested for relisting the case for appraisal, therefore it has been decided to relist the case and send the technical file to SEAC for appraisal. Copy to PP and all concerned.

10. **Case No. 7890/2020:** Prior Environmental Clearance for Stone Quarry (Opencast Manual/Semi Mechanized Method) in an area of 2.0 ha. foe production capacity of 29859 cum per annum at Khasra No. 1530 at Village - Badwari, Tehsil - Morena, Dist. Morena (MP) by Shri Tej Pratap Singh Tomar R/o Surajnagar Sagartal District – Gwalior MP. **Regarding transfer of EC in the name of Shri Ved Prakash Goyal, R/o Maniram Vas Kosikala Rural Mathura Halmukam House No. BH-13, DD Nagar, Dist. Gwalior, MP – 474001.**

(1) **It** was noted that the PP had applied in Form-I for Prior Environmental Clearance of 2.0 ha. foe production capacity of 29859 cum per annum at Khasra No. 1530 at Village - Badwari, Tehsil - Morena, Dist. Morena (MP) by Shri Tej Pratap Singh Tomar R/o Surajnagar Sagartal District –Gwalior MP.

(2) The Prior Environmental Clearance letter was issued DEIAA vide L.No. Q/3/DEIAA/PR/13/2017-18 dtd.16.6.2017.in the name of " Tej Pratap Singh Tomar R/o Surajnagar Sagartal District –Gwalior MP.

(3) It is noted that PP has requested vide no Nil dtd.6.10. 2020 to make amendment in the Prior EC letter by changing the name of PP of the mining project namely "Shri Ved Prakash Goyal, R/o Maniram Vas Kosikala Rural Mathura Halmukam House No. BH-13, DD Nagar, Dist. Gwalior, MP – 474001." in place of Tej Pratap Singh Tomar R/o Surajnagar Sagartal District –Gwalior MP.

(4) It is noted that in support of his request the PP has submitted the following documents

i. No objection letter of previous Project Proponent (to whom prior EC was granted) for transfer of prior EC in the name of Shri Ved Prakash Goyal, R/o Maniram Vas Kosikala Rural Mathura Halmukam House No. BH-13, DD Nagar, Dist. Gwalior, MP – 474001.

ii. Notarised affidavit of Shri Tej Pratap Singh Tomar R/o Surajnagar Sagartal District –Gwalior MP mentioning that no legal action/ credible action has been initiated against the mine till date and commitment to comply all the standard and specific conditions stipulated in the prior EC issued.

iii. Copy of Prior EC issued by DEIAA vide letter No. Q/3/DEIAA/PR./13/2017-18 dtd.16.6.2017

iv. Copy of Environmental Management Plan of Shri Ved Prakash Goyal, R/o Maniram Vas Kosikala Rural Mathura Halmukam House No. BH-13, DD Nagar, Dist. Gwalior, MP – 474001.

v. Copy of Approved Mining Plan of Shri Ved Prakash Goyal, R/o Maniram Vas Kosikala Rural Mathura Halmukam House No. BH-13, DD Nagar, Dist. Gwalior, MP – 474001.

vi. Lease transfer order issued by **Collector (Mining Division)** to Shri Ved Prakash Goyal, R/o Maniram Vas Kosikala Rural Mathura Halmukam House No. BH-13, DD Nagar, Dist. Gwalior, MP– 474001. vide letter No. KR/**Khanij/QL/32/13/463 dated 15.7. 2020.**

(5) It is noted that in EIA Notification 2006 as per **Para-11 Transferability of Environmental Clearance (EC)** there is a provision of transferring the EC.

Para-11 :- *A prior environmental clearance granted for a specific project or activity to an applicant may be transferred during its validity to another legal person entitled to undertake the project or activity on application by the transferor, or by the transferee with a written "no objection" by the transferor, to, and by the regulatory authority concerned, on the same terms and conditions under which the prior environmental clearance was initially granted, and for the same validity period. No reference to the Expert Appraisal Committee or State Level Expert Appraisal Committee concerned is necessary in such cases.*

In context of above it seems that PP has submitted adequate documents to make the change in the name of PP as per EIA Notification 2006 (Para-11). Hence, prior EC issued DEIAA Morena on`16.6.2017 in the name of " Shri Tej Pratap Singh Tomar R/o Surajnagar Sagartal District –Gwalior MP." is hereby transferred to Shri Ved Prakash Goyal, R/o Maniram Vas Kosikala Rural Mathura Halmukam House No. BH-13, DD Nagar, Dist. Gwalior, MP – 474001.for Stone Quarry in an area of 2.0 ha. foe production capacity of 29859 cum per annum at Khasra No. 1530 at Village - Badwari, Tehsil - Morena, Dist. Morena (MP)." on the same terms & conditions and validity period under which the prior environmental clearance was initially granted. All concerned be informed accordingly.

appraisal it was observed by the committee that mine plan has been expired in the year 2018-19. PP submitted that they have already submitted the mine plan for approval and same will be submitted within 60 days time. Hence committee decided that PP shall submit revised mine plan duly approved by competent authority within 02 months time and then after this case shall be appraised. Qry. Letter issued vide letter No. 288 dated 23/06/2020. Reminder letter issued vide letter No. 482 dated 02/09/2020.PP vide letter dated NIL has submitted the mine plan which is not yet approved and retured back to PP by competent authority with certain observations vide letter dated 04/09/20. PP has not submitted the duly approved mine plan till date

As per above observation of SEAC, it has been decided to delist the case on the condition that if PP intends to present the case in SEIAA, it will then be relisted for appraisal. Copy to PP and all concerned..

PP requested to relist the case. After discussion it was decided to relist the case and send the technical file to SEAC for appraisal.

16. **Case No. 7354/2020**- Prior Environment Clearance for Limestone Mine in an area of 2.30 ha. (18000 cum per annum) (Khasra No. 110/2/2(Part)) at Village- Soyla, Tehsil-Gandhawani, District- Dhar by M/s Khandelwal Mines & Minerals, Prop. Smt. Shobha Gupta W/o Shri Ranchordas Khendelwal, 138/, Vallabh Bhai Patel Marg, Ward No. 3, Main Dhar Road, Manawar, Dist. Dhar, MP – 454446.

This case was discussed in 644th SEIAA meeting dated 07.10.2020 and it was recorded that.....

The case was discussed in 449th SEAC meeting dated 24.07.20 and it was recorded that.....

The case was presented by the PP and their consultant. During appraisal of the case it was observed by the committee that lease is already excavated. PP submitted that they were carrying mining operations till 2018. On perusal of case file committee observed that PP has appended a judgenment made by Hon'ble High Court of Indore dated 22/07/2019 wherein Hon'ble High Court of Indore has passed an order stating that PP shall obtain EC. On perusal of the judgement it is clear that PP has not obtained EC even after renewal of lease in 2016. Committee after deliberations recommends that case file may be sent to SEIAA as it's a case of violation wherein PP has continued mining even after renewal of lease in 2016 and needs to be delt as per the provisions made for violation cases by MoEF&CC in relevant OMs and notifications.

The case was discussed in 631st SEIAA meeting dated 11.08.20 and it was recorded that.....

As per above observation of 449th SEAC meeting dtd 24.7.2020, it was decided to defer the case for upcoming meeting.

As per observation of 449th SEAC meeting dated 24.07.20, it was found that PP has continued mining even after renewal of lease in 2016 without obtaining prior environmental clearance which seems violation case as per provisions made in OMs and notification of MoEF&CC, GoI. After detail discussion and delebration, it was decided to ask PP to submit chronological details of mining activities with proper justification and legal provisions to consider prior environmental clearance in compliance of Hon'ble High Court of Indore order dated 22/07/2019.

In view of above, reply from PP is still awaited. Hence, PP is directed to submit chronological details of mining activities with proper justification and legal provisions to consider prior environmental clearance in compliance of Hon'ble High Court of Indore order dated 22/07/2019 within 15 days for necessary action otherwise case will be delisted.

17. **Case No 7430/20** Prior Environment Clearance for Stone Quarry in an area of 2.02 ha. (25148 cum per annum) (Khasra No. 234), Village - Piparwan, Tehsil - Chitrangi, Dist. Singrauli (MP) by Shri Pankaj Kumar Sharma S/o SHri Manikamna Prasad Singh, Village - Pura, Post - Kachwa Road, Dist. Varanasi, UP

This case was discussed in 640th SEAC meeting dated 01.10.2020 and it was recorded that.....

This case was recommended in 453rd SEAC meeting dated 28.08.2020 and it was recorded that.....

"----------PP has submitted the response of above quarries same date vide letter dated 28.08.2020, which was placed before the committee and the same found satisfactory. The EMP and other submissions made by the PP were found to be satisfactory and acceptable, hence committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'A':

During the presentation, it was observed from Google earth that 01 more lease having 3.71 ha area of M/s Balaji Stone Works exists within 500 m of the proposed mine which forms cluster situation having more than 5.00 ha area of mining lease. After detailed discussion, it was decided to seek clarification from Collector, Singrauli about current status of other mines located within 500 m of proposed mine.

In view of above, clarification from Collector, Singrauli is still awaited. Hence, it was decided to send reminder letter to Collector, Singrauli seeking clarification about current status of other mines located within 500 m of proposed mine within 15 days for necessary action otherwise case will be delisted.

18. **Case No 6928/2020** Prior Environment Clearance for Stone Quarry in an area of 4.00 ha. (1,800 cum per annum) (Khasra No. 01), Village - Semrakhedi, Tehsil - Deori, Dist. Sagar (MP) by Shri Amit Kumar Jain, H.No. 181, Mahakali Ward, Deori, Dist. Sagar, MP.

This case was discussed in 641st SEIAA meeting dated 03.10.2020 and it was recorded that.....

This case was discussed in 460th SEAC meeting dated 24.09.2020 and it was recorded that.....

---------- The case presented by PP and their consultant wherein it was observed by the committee that in the previous SEAC meeting committee asked PP to submit revised MO certificate as the Mining Officer has mentioned that there are no mines within 500 meters of this mine while on Google map two more mine can be seen hence. Thus for confirmation of facts revised MO certificate was sought. PP vide letter dated NIL submitted revised MO certificate issued vide letter No. 1507 dated 13/06/20 wherein again MO has not clarified the situation about the two other mines located near the lease. Also the issued certificate is the copy of the previous certificate issued vide letter no. 1507 dated 13/11/2019. (The dispatch numbers of both letters are same while the year of issuance is 2019 & 2020 respectively)

The committee after deliberations recommends that this case may be referred back to SEIAA for onward necessary action as MO/PP has not provided the desired information and an advisory may be issued to concerned MO in this case to provide the desired information so that proper decision can be taken by SEAC

As per above observation of SEAC, It was observed to seek information /clarification from Collector, Sagar regarding other mines located within 500 m.

periphery of said mine and Mining Officer, Sagar may be directed to submit latest certificate of the same.

PP has submitted a letter from Mining Officer regarding other mines located within 500 m. periphery of said mine during presentation in SEIAA. Considering the request of PP, it was decided to send case along with technical file to SEAC for appraisal.

19. **Case No 7637/2020** Prior Environment Clearance for Stone Quarry in an area of 1.150 ha. (17232 cum per annum) (Khasra No. 5, 74), Village - Jhagrauha, Tehsil - Chitrangi, Dist. Singrauli (MP) by Smt. Babita Jaiswal W/o SHri Vijendra Jaiswal, Ward No. 3, Chudi Gali Cinema Road, Obra, Dist. Sonbhadra, UP - 231219

This case was discussed in 644th SEIAA meeting dated 07.10.2020 and it was recorded that.....

This case was recommended in 464th SEAC meeting dated 03.10.2020 and it was recorded that.....

"----------Vide letter dated 28/09/2020 PP has submitted the reply. Committee observed that Tehsildar vide letter dated 24/09/20 has informed that above mine is located on government land and an old excavated pit is in existance where water is accumulated. Committee recommends that since a drain is in existance, PP shall leave 10 meters area both side as non mining area. Further PP submitted that 08 trees will be uprooted thus 80 additional trees shall be planted by PP for which PP has submitted the proposal. The other replies submitted by PP were found to be satisfactory and acceptable, hence committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'A':

PP/Consultant made a presentation on all aspects of the project and all concerned issues were discussed in detail. After detailed discussions and perusal of recommendations of 464th SEAC meeting dated 03.10.2020, presentation made by the PP in SEIAA, it was observed from google earth that there are other mines exist within 500 m radius of proposed mine hence it is decided to seek clarification from Mining Officer, Singrauli about current status of other mines exist within 500 m radius of above said mine.

In view of above, clarification from Mining Officer, Singrauli is still awaited. Hence, it was decided to send letter to Collector, Singrauli seeking clarification about current status of other mines located within 500 m of proposed mine within 15 days for necessary action otherwise case will be delisted.

20. **Case No** 7646/2020 Prior Environment Clearance for Flag Stone Quarry in an area of 1.80 ha. (15652 cum per annum) (Khasra No. 232 Part), Village - Piparwan, Tehsil - Chitrangi, Dist. Singrauli (MP) by Shri Surendra Jaiswal S/o Shri Santlal Jaiswal, Cinema Road, Obra, Dist. Sonbhadra, UP - 231219.

This case was discussed in 642nd SEIAA meeting dated 05.10.2020 and it was recorded that.....

hence committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'A':

PP/Consultant made a presentation on all aspects of the project and all concerned issues were discussed in detail. After detailed discussions and perusal of recommendations of 460th SEAC meeting dated 24.09.2020, presentation made by the PP in SEIAA, it was observed from google earth that there are other mines exist within 500 m radiusof proposed mine. Hence, it is decided to seek clarification from Mining Officer, Singrauli about the current status of other mines within 500 m of said mine.

In view of above, clarification from Mining Officer, Singrauli is still awaited. Hence, it was decided to send letter to Collector, Singrauli seeking clarification about current status of other mines located within 500 m of proposed mine within 15 days for necessary action otherwise case will be delisted.

21. **Case No 7647/2020** Prior Environment Clearance for Stone Quarry in an area of 1.650 ha. (1500 cum per annum) (Khasra No. 347/1), Village - Bamnoda, Tehsil - Garhakota, Dist. Sagar (MP) by Shri Kapil Pandey, Village - Rengua, Tehsil - Garhakota, DIst. Sagar, MP – 462008

This case was discussed in 641st SEIAA meeting dated 03.10.2020 and it was recorded that.....

This case was discussed in 460th SEAC meeting dated 24.09.2020 and it was recorded that.....

---------- The case was presented by PP and their consultant wherein during appraisal it was observed by the committee that the mismatch documents are submitted with case file. For example as per Form-2 submitted by PP and lease documents, the case is for Flagstone query while PFR, EMP submitted with case file, it is mentioned that the case is for Stone query. Moreover, in mine plan and PFR blasting is proposed and when committee asked RQP why blasting is required in case of flagstone production, no satisfactory answer was provided by him. Thus committee after deliberation decided that case file may be sent to SEIAA and PP may be asked to resubmit the case file after making necessary corrections in the submitted documents.

As per above observation of SEAC, it was decided to ask PP to resubmit the proposal with proper justification for onward submission to SEAC for appraisal.

PP has submitted an affidavit mentioning that no blasting shall be used for carrying out mining activities. Considering the request of PP, it was decided to send case along with technical file to SEAC for appraisal

22. **Case No. – 7795/2020** Prior Environment Clearance for Stone Quarry (Opencast Semi Mechanized Method) in an area of 1.969 ha. for production capacity of 100000 cum / year at Khasra No. 4595/7, 4595/8 at Village - Gahbara, Tehsil - Gaurihar, Dist. Chhatarpur, (MP) by Shri Aniruddha Singh S/o Shri Vijay Singh, Village - Jyoraha, Tehsil - Lavkushnagar, Dist. Chhatarpur, MP – 471516

This case was discussed in 644th SEIAA meeting dated 07.10.2020 and it was recorded that.....

This case was recommended in 463rd SEAC meeting dated 01.10.2020 and it was recorded that.....

".....PP further submits that the method of mining will be opencast semi-mechanized and mine will attain a depth of mining 24m after 05 years. The EMP and other submissions

made by the PP were found to be satisfactory and acceptable, hence committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'A':

PP/Consultant made a presentation on all aspects of the project and all concerned issues were discussed in detail. After detailed discussions and perusal of recommendations of 463rd SEAC meeting dated 01.10.2020, presentation made by the PP in SEIAA, it was observed that there are other mines exist in 500 m radius which is making cluster situation hence it was decided to seek clarification from Mining Officer ,Chhatarpur about current status of other mines exist within 500 m of above said mine.

In view of above, clarification from Mining Officer, Chhatarpur is still awaited. Hence, it was decided to send letter to Collector, Chhatarpur seeking clarification about current status of other mines located within 500 m of proposed mine within 15 days for necessary action otherwise case will be delisted.

23. **Case No 7860/20** Prior Environment Clearance for Sand Quarry in an area of 0.809 ha. (8016 cum per annum) (Khasra No. 01), Village - Kukda Kirar, Tehsil - Mohkhed, Dist. Chindwara (MP) by Shri Shishir Khandar, Samashish Bhavan, 18, Malik Complex, Tenament Hotel, Airport Center Plient, Somalwada, Wardha Road, Dist. Nagpur, Mah. 440025.

This case was discussed in 644th SEIAA meeting dated 07.10.2020 and it was recorded that.....

This case was recommended in 464th SEAC meeting dated 03.10.2020 and it was recorded that.....

"----------PP has submitted the response of above quarries same date vide letter dated 03.10.2020, which was placed before the committee and the same found satisfactory. The mining shall be done as per the approved mine plan by concerned DGMs. The EMP and other submissions made by the PP were found to be satisfactory and acceptable, hence committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'B':

PP/Consultant made a presentation on all aspects of the project and all concerned issues were discussed in detail. After detailed discussions and perusal of recommendations of 464th SEAC meeting dated 03.10.2020, presentation made by the PP in SEIAA, it was observed from google earth that mining leaseof 0.809 ha is sanctioned in two parts having distance more than 200 m which is not as per mining rules hence it is decided to seek clarification from DGM about sanctioning mining lease in 2 parts having more than 200 m distance between two parts of mining lease.

In view of above, clarification from DGM is still awaited. Hence, it was decided to send reminder letter to DGM seeking clarification about sanctioning mining lease in 2 parts having more than 200 m distance between two parts of mining lease within 15 days for necessary action otherwise case will be delisted.

24. **Case No. 7662/2020 :** Prior Environment Clearance for Proposed API Drugs Manufacturing Plant at Plot No. 92, Smart Industrial Park, Pithampur industrial Area, Pithampur, District Dhar MP Total Area: 34245.0 sq.m. Production Capacity : 4200 TPA by LIFEFIRST PHARMA PRIVATE LIMITED through Director, RISHABH MEHTA M/1 to M/3 BCM Heights Scheme No. 54, Indore, M P-452010 Email: vivek.shrivastava@lifefirstpharma.com Ph- 4266888 Mob No.-9820675585- **amendment in EC**

1. The Environment Clearance issued by SEIAA vide letter dtd 29.10.2020 for Proposed API Drugs Manufacturing Plant at Plot No. 92, Smart Industrial Park, Pithampur industrial Area, Pithampur, District Dhar MP.

2. PP has requested to amend the name of project as '' Manufacturing of API and its Intermédiates vide letter dtd. 04.11.2020 and applied online proposal for amendment in EC vide online No. SIA/MP/IND2/179331/2020. The case was disscussed and decided to accept the request of PP to add word "API and its intermediates" instead of API as there is no change in product list and accordingly a ammedment letter be issued as ammended below :

S. No	Description as per EC Letter	Description as amended
1	Name of Project: Prior Environmental Clearance for Proposed Manufacturing of API Drug Project at Plot No. 92, Smart Industrial Park, Pithampur Industrial Area, Pithampur and District Dhar MP Total Area: 34245.0 Sq.m, Production Capacity 4200 TPA by LIFE FIRST PHARMA PRIVATE LIMITED Through Director, Rishabh Mehta, M/1 to M/3 BCM Heights SCH No. 54 Indore, Indore, Madhya Pradesh-452010 Email: vivek.shrivastava@lifefirstpharma.com Ph-4266888, Mob: 9820675585	Name of Project: Prior Environmental Clearance for Proposed Manufacturing of API and Its Intermediates Project at Plot No. 92, Smart Industrial Park, Pithampur Industrial Area, Pithampur and District Dhar MP Total Area: 34245.0 Sq.m, Production Capacity 4200 TPA by LIFE FIRST PHARMA PRIVATE LIMITED Through Director, Rishabh Mehta, M/1 to M/3 BCM Heights SCH No. 54 Indore, Indore, Madhya Pradesh-452010 Email: vivek.shrivastava@lifefirstpharma.com Ph-4266888, Mob: 9820675585
2	Point No. 3: The project is proposed for Manufacturing API Drug at Plot No. 92, Smart Industrial Park, Pithampur Industrial Area, Pithampur and District Dhar MP by LIFE FIRST PHARMA PRIVATE LIMITED.	Point No. 3: The project is proposed for Manufacturing API and Its Intermediates Project at Plot No. 92, Smart Industrial Park, Pithampur Industrial Area, Pithampur and District Dhar MP by LIFE FIRST PHARMA PRIVATE LIMITED.
	Point No. 4: M/s. LIFE FIRST PHARMA PRIVATE LIMITED has proposed API Drug Manufacturing Plant of 4200 TPA (350 TPM) capacity. Total 57 products have been proposed.	Point No. 4: M/s. LIFE FIRST PHARMA PRIVATE LIMITED has proposed API and Its Intermediates Manufacturing Plant of 4200 TPA (350 TPM) capacity. Total 57 products have been proposed.
	Point No. 5: The proposed production capacity is 30 TPA. Proposed Product and Production Capacity-	Point No. 5: The proposed production capacity is 4200 TPA (350 TPM). Proposed Product (API and Its Intermediates) and Production Capacity-

All the conditions in the EC dated 29.10.2020 shall remain the same. PP and all concerned informed accordingly.

Policy Decision:-

The Environmental Clearance issued for mining of sand should contain the following mandatory conditions as per hon'ble NGT (CZ) order dated 19.10.2020 in OA No. 66/2020 (CZ) Atul Agrawal V/s State of MP & Others:-

i. The Licensee must use minimum number of poclains and it should not be more than two in the project site.

ii. The District Administration should assess the site for Environmental impact at the end of first year to permit the continuation of the operation.

iii. The Annual replenishment report certified by the authorised agency must be submitted to the prescribed authority. In case, the replenishment is low, the mining activity/production levels shall accordingly be decreased / stopped.

iv. The ultimate working depth shall be 1 m from the present natural river bed level and the thickness of the sand available shall be more than 3 m in the proposed quarry site.

v. The sand quarrying shall not be carried out below the ground water table under any circumstances. In case, the ground water table occurs within the permitted depth at 1 meter, quarrying operation shall be stopped immediately.

vi. The sand mining should not disturb in any way the turbidity, velocity and flow pattern of the river water.

vii. The mining activity shall be monitored by the Taluk level Force once in a month by conducting physical verification.

viii. After closure of the mining, the licensee shall immediately remove all the sheds put up in the quarry and all the equipments used for operation of sand quarry. The roads/pathways shall be levelled to let the river resume its normal course without any artificial obstruction to the extent possible.

ix. The mined out pits to be backfilled where warranted and area should be suitably landscaped to prevent environmental degradation.

x. PP shall adhere to the norms regarding extent and depth of quarry as per approved mining plan. The boundary of the quarry shall be properly demarcated by PP.

After discussion, it was decided to ask SEAC to review the existing EC conditions for sand mining project and incorporate above mandatory points in standard conditions appropriately as per direction of Hon'ble NGT in its order dated 19.10.20.

Meeting ended with a vote of thanks to the Chair.
