"The case was discussed in 413th SEIAA meeting dtd 03.03.2017 and it was recorded that

This case was recommended in 67th SEAC-II meeting dated 07.02.2017 and it was recorded that :

....Case was presented by the PP and their Consultant and during presentation and discussion it was observed by committee that as per the co-ordinates provided by PP in the surface plan & contour map attached with the approved mine plan, the lease area of this case is overlapping with the lease area of other case (no. 5333/2016) as per the co-ordinates provided in the surface plan & contour map attached with the approved mine plans (which is also listed in today's agenda). Hence committee after deliberations decided that PP may be asked to submit Revised Co-ordinates of the lease area which should be duly verified by their concerned mining officer and surface plan approved by concerned Director, Geology & Mining through SEIAA."

As per the above observation the PP may be asked to submit revised coordinates of the lease area latest by 20.03.2017 duly verified by Mining Officer, Hoshangabad and surface plan approved by concerned authority. Copy to Director Geology & Mining and Mining Officer, Hoshangabad.

It was observed that the PP has not submitted the desired information asked in 413th SEIAA meeting dtd. 03.03.2017. After detail discussion, it was decided that the case is hereby closed. Copy to PP and all concerned."

As per above decision you are informed that the case is hereby closed.
