Sub: Case No. 6275/2019: Prior Environment Clearance for Basalt/Boulder & Crusher Stone Quarry in an area of 1.74 ha. (103645 cum per annum) (Khasra No. 17, 24P), Village-Manegaon, Tehsil-Jabalpur, Dist-Jabalpur (MP) by M/s Wagad Infraprojects Pvt. Ltd, Halmukam, Dhanwantri Nagar, Dist-Jabalpur (MP).

The case was discussed in 561st SEIAA meeting dtd 08.08.2019 and it has been recorded that.....

The case was discussed in 377th SEIAA meeting dtd. 02.07.2019 and it was recorded that.....

The case was presented by the PP and their consultant, being it's a case Stone Quarry with total area of 38.44 ha. including this mine. During presentation as per Google image based on coordinates provided by PP, following sensitive features were observed around the lease area.

- The lease is elongated in shape in the north- south direction and north part of the lease up to approx. 95 meters habitation is in existence and alike the south end, lease is in close proximity of habitation. (approx. 60 meters)*
- Even in the Collect orate Office (Mining Cell) letter no. 2475/ Khanij/ SEIAA/ 2018, dated 27.03.2018 it is mentioned that Primary School Building is just 26 meters from the lease.*

Hence, in the above context considering the sensitivity (habitations on north and south side and a school) in the light of MMR, 1996, minimum 100 meters area is to be left from the public place. Thus committee after deliberations recommends that on above ground this case cannot be considered for grant of EC

As per above observation and recommendation of SEAC, it is decided to reject the case considering sensitivity / environmental issues. Copy to PP and all concerned.

As per above decision, you are hereby informed that your case has been Rejected.
