Minutes of the 649th Meeting of SEIAA dated 17.12.2020

The 649th meeting of the State Level Environment Impact Assessment Authority was convened on 17.12.2020 at the Authority's Office in Environmental Planning and Co-Ordination Organization (EPCO), Paryavaran Parisar, Bhopal. The meeting was chaired by Shri Rakesh K. Shrivastava, Chairman, SEIAA. The following members attended the meeting:-

1	Shri R.K. Sharma	Member
2.	Smt. Tanvi Sundriyal	Member Secretary

Following mining cases and other than mining cases have been considered:-

S.No	Case No.	Category	No. & date of latest SEAC & SEIAA meeting
1.	**6705/2019**	8(a)	446 SEAC meeting dated 06-07-2020.
2.	**7868/2020**	1(a)	466 SEAC meeting dated 26.11.2020.
3.	**7870/2020**	1(a)	466 SEAC meeting dated 26.11.2020.
4.	**7871/2020**	1(a)	466 SEAC meeting dated 26.11.2020.
5.	**7872/2020**	1(a)	466 SEAC meeting dated 26.11.20.
6.	**7873/2020**	1(a)	466 SEAC meeting dated 26.11.2020.
7.	**7874/2020**	1(a)	466 SEAC meeting dated 26.11.2020.
8.	**6055/2019**	1(a)	466 SEAC meeting dated 26.11.2020.
9.	**7908/2020**	1(a)	467th SEAC Meeting dated 02.12.2020.
10.	**6665/2019**	5(f)	466 SEAC meeting dated 26.11.2020
11.	**7891/2020**	1(c)	465 SEAC meeting dated 07.11.2020
12.	**7425/2020**	1(a)	453 SEAC meeting dated 28.08.2020
13.	**7714/2020**	1(a)	461 SEAC meeting dated 29.09.2020.
14.	**7797/2020**	1(a)	463 SEAC meeting dated 01.10.2020.
15.	**6097/2019**	1(a)	575 SEIAA meeting dated 10.10.2019
16.	**7354/2020**	1(a)	644 SEIAA meeting dated 07.10.2020.
17.	**7430/2020**	1(a)	640 SEIAA meeting dated 01.10.2020.
18.	**6928/2020**	1(a)	641 SEIAA meeting dated 03.10.2020.
19.	**7637/2020**	1(a)	644 SEIAA meeting dated 07.10.2020

1. **Case No. - 6705/2018** Prior Environment Clearance for Proposed 150 admissions medical college & hospital (Plot Area - 177638.598 sqm, Built up Area - 84096.575 sqm) at Village - Kirpalpur, Tehsil - Raghuraj Nagar, Dist.- Satna,(M.P.) by Shri Subhash Patil, Office of Divisional Project Engineer, Project Implementation Unit, at Public Works Department, Dist. Satna,(M.P.)

1. The proposed project is building and construction project of 150 admissions medical college & hospital (Plot Area - 177638.598 sqm, Built up Area - 84096.575 sqm) at Village - Kirpalpur, Tehsil - Raghuraj Nagar, Dist.- Satna,(M.P.) The project includes following facilities:-

Block no.	Building Name	Floors	No. of Blocks
B1	Medical college	G+5	1
B2	Type-2 residence	S+9	1
B3	Type-3 residence	S+7	1
B4	Resident doctor hostel	S/G+5	1
B5	Intern hostel (m)	G+4	1
B6	UG hostel(boys)	G+8	1
B7	Student Recreational block	G+1	1
B8	Mess & food court	G+3	1
B9	Intern hostel (f)	G+4	1
B10	UG hostel(girls)	G+8	1
B11	ESS	G+1	
B12	Guard room	G	2
B13	Tribal hostel (girls)	G+2	2

2. The total plot area of the proposed project is 43.89 Acres. The proposed site is having residential as well as hospital block in planning however, currently development shall take place under phase-I having residential and college facility. PP submitted that only Medical College building is proposed in the Phase - I and hospital is proposed in the next phase for which separate EC will be taken.
3. During presentation in 446th SEAC meeting dtd. 06.07.2020 it was recorded that *"The satellite map of the area showed by the PP shows a residential colony within the periphery of project area in the North –West side. PP stated that its residential colony developed by Housing Board and a Kandriya Vidyalaya (Central School) which is in operational mode situated in just vicinity of the site. (South – East corner) Moreover canal is passing from the North to south direction which is about 160 meters from the site. In the presentation PP showed total Plot area as 1,77,638.598 m² (i.e. 43.89 Acres) while PP stated that actual area where this project is proposed is 37.72 acre . The PP stated that the residential colony developed by Housing Board is not the part of this project."*
4. The plot area of the project is 43.89 Acres. The total built up area proposed by PP is 84096.575 sq.m. The project comes under 8 (a) category (B) of schedule of EIA Notification, 2006 because total construction is between 20,000 sq m. & 1,50,000 sq m. and plot area is less than 50 ha.
5. The case was discussed in SEAC meeting 413rd dtd. 10.12.19, 428th dtd. 29.02.20, and 446th dtd. 06.07.20 and is recommended for grant of prior EC subject to special conditions.

(Tanvi Sundriyal)
Member Secretary

(R.K. Sharma)

6. **After deliberation the case was discussed in detail and recorded that:-**

i. Regarding land documents PP has submitted Collector order dtd. 12.06.2018. As per the order, said land is allocated to Medical Education Department GoIMP

ii. The total water requirement will be 937 KLD whereas the fresh water requirement will be 564 KLD and recycle water is 373KLD. The source of water supply is Municipal water. PP has submitted letter (28.11.19) from Municipal Corporation Satna for water supply.

iii. The total waste water generation will be 602 KLD which will be treated in STP of 830 KLD and an ETP of 50 KLD. The treated sewage will be re used for flushing (241 KLD), Greenbelt development (131 KLD), DG cooling (1 KLD).

iv. Approximately 4,476 kg/day Municipal Solid waste shall be generated. The generated biodegradable and non biodegradable waste will be collected separately. The non- recyclable and non-biodegradable waste, sludge from STP and Biodegradable waste will be deposited at a landfill site through Municipal Corporation Satna. PP has submitted letter (dtd. 28.11.201*) from Municipal Corporation Satna for disposal of solid waste.

v. The total Biomedical Waste generated will be 35 kg/day which will be given to approved biomedical waste service provider for final disposal As per Bio-medical Management & Handling Rules , 2016

vi. The hazardous wastes along with other wastes in the project will be used oil from DG sets, Waste shall be collected in leak proof containers at isolated place and then it will be given to approve vender of CPCB as per Hazardous Wastes (Management/ Handling/Transboundary Movement) Rules, 2016.

vii. PP has proposed the maximum height of the building is 27.7 m. As per MP Bhumi Vikas Niyam 2012 rule 42 (2) Road width should be 18m & above, front MOS 12.0 m and side / rear MOS 7.50 m for building up to 30 m.

viii. Adequate firefighting arrangements will be provided in the proposed project. The firefighting arrangements provided in the proposed project are given below:

- Provision of separate fire hydrant system .There is provision of firefighting pumps.
- There is provision of sprinkler system. There is provision of CO2 extinguishing system for transformer room and other critical areas.
- Provision of Hand held fire extinguishers. Provision of Fire protection system.
- Fire Mock drill will be conducted regarding the fire fighting arrangement during operation phase. Smoke detector will be provided and fire fighting system has been designed considering the following codes, manual and guidelines;
- Fire-Water Connections, Firewater inlet & outlet connections will be provided to the water storage tanks; External main fire ring will be provided. This external fire ring will be separated from the Sprinkler Main Systems; All flow switches, test valves, drain pipes etc. will be provided as per NFPA guidelines on the sprinkler system;

(Tanvi Sundriyal)	(R.K. Sharma)	(Rakesh K. Shrivastava)
Member Secretary	Member	Chairman

ix. PP has submitted roof top rain water harvesting system for ground water recharging and has proposed 43 nos. of recharging pits.

x. The total power requirement will be 600 kVA which will be met by Madhya Pradesh Poorv Kshetra Vidyut Vitaran Company Ltd. DG sets of 1 x 125 KVA, 415V radiator cooled DG set in acoustic enclosure shall be installed used for power back- up in common area of the sites.

xi. In order to achieve optimum energy conservation PP has proposed where ever possible energy conservation shall be done with help of control logics and automation in the form of sensors. A Photovoltaic (PV) Solar Panel consists of multiple photovoltaic modules which convert sunlight into usable direct current (DC) electricity. Solar power can be utilized for external lighting and common area lighting. Approx. 2 % of the total annual energy load will be met by solar power. Energy efficient LED/CFL/T5 lamps for common areas. A lighting control system is used to control light output (On / off control and light levels) from light fixtures. There are two types of lighting control, namely Automatic and Manual

xii. Adequate provision shall provide for vehicle parking at the project site not to disturb the traffic and allow smooth movement at the site.Proposed project will consist of open and stilt parking. PP has proposed total car parking 654 ECS (Open Parking –532 ECS Stilt Parking- 122 ECS)

xiii. Total green area proposed for project is 43,452.93 m^2 (24.46% of plot area) by planting 1880 number of trees. A combination of evergreen and ornamental, palms, shrubs and ground covers planted along the sides of the road and in open space and set back area within the complex layout.

The submissions made by the PP were found to be satisfactory and acceptable hence it is decided to accept the recommendations of 446th SEAC meeting dtd. 06.07.20 with special conditions and **accord Prior Environnemental Clearance for proposed 150 admissions medical college & hospital (Plot Area - 177638.598 sqm, Built up Area - 84096.575 sqm) at Village - Kirpalpur, Tehsil - Raghuraj Nagar, Dist.- Satna,(M.P.) by Shri Subhash Patil, Office of Divisional Project Engineer, Project Implementation Unit, at Public Works Department, Dist. Satna,(M.P.)**subject to following specific conditions imposed by SEIAA:-

1. The fresh water supply arrangement should be met through Municipal Corporation and there should no extraction of ground water.
2. The inlet and outlet point of natural drain system should be maintained with adequate size of channel for ensuring unrestricted flow of water.
3. **Disposal of waste water.**
   a. PP should ensure disposal of waste water arrangement should be done in such a manner that water supply sources are not impaired.
   b. PP should ensure linkage with municipal sewer line for disposal of extra treated waste water.
4. **Solid & Bio-medical Waste Management:**
   a. Separate wet and dry bins must be provided at the ground level for facilitating segregation of waste.

(Tanvi Sundriyal)
Member Secretary

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

b. The solid waste generated should be properly collected and segregated. Wet garbage should be composted and dry inert solid waste should be disposed off to the approved sites for land filling after recovering recyclable material.
c. Ensure linkage with Municipal Corporation for final disposal of MSW.
d. Bio-medical waste should not be mixed with MSW. ETP sludge shall be disposed at approved TSDF and MoU made in this regard shall be submitted to the MPSEIAA prior to the commencement.
e. Transportation and handling of Bio-medical Wastes shall be as per the Biomedical Wastes (Management and Handling) Rules, 2000 including the section 129 to 137 of Central Motor Vehicle Rules, 1989.
f. The proponent should ensure that the project fulfills all the provisions of Hazardous Wastes (Management, Handling and Transboundary Movement) Rules, 2008 including collection and transportation design etc

5. PP should ensure road width, front MOS and side / rear as per MPBVR 2012.
6. **For firefighting:-**
   a. PP should ensure distance of fire station approachable from the project site.
   b. As per MPBVR, 2012 rule 42 (3) PP should submit necessary drawings and details to the Authority (Nagar Nigam, Satna) incorporating all the fire fighting measures recommended in National Building Code part – IV point no. 3.4.6.1. The occupancy permit shall be issued by Nagar Nigam only after ensuring that all fire fighting measures are physically in place.
7. **For Rain Water Harvesting, and Ground water recharge:-**
   a. PP should ensure the rain water harvesting with 43 no. of recharging pits and these pits should be connected laterally to consume the surplus runoff. In addition, PP should provide recharging trenches. The base of the trenches should be Kachha with pebbles.
   b. The storm water from roof – top, paved surfaces and landscaped surfaces should be properly channelized to the rain water harvesting sumps through efficient storm water network as proposed. The budget should be included in EMP plan for storm water management.
8. PP should ensure to increase the car parking as per MPBVR 2012.
9. **For Energy Conservation PP should Ensure :-**
   a. Use of LED lights in the common areas, landscape areas, signage's, entry gates and boundary compound walls etc.
   b. Solar lights provide for common amenities like Street lighting & Garden lighting.
   c. PP should ensure installation of photovoltaic cells (solar energy) for lighting in common areas, LED light fixtures, and other energy efficient equipments.
10. **Air Quality and Noise:-**
    a. Dust, smoke & debris prevention measures such as wheel washing, screens, barricading & debris chute shall be installed at the site during construction including plastic/tarpaulin sheet covers for trucks bringing in sand & material at the site.
11. **Green belt :-**
    a. PP should ensure plantation in an area of 43,452.93 m^2 (24.46% of plot area) by planting 1880 number of trees two rows in periphery, besides,

(Tanvi Sundriyal)
Member Secretary

(Rakesh K. Shrivastava)
Chairman

this along the road, around open space area, parking area and other amenities. Trees of indigenous local varieties like Neem, Peepal, Kadam, Karanj, Kachnaar, Saltree, Gulmohar etc.should be planted.

b. It is noted that there is canal located at 160 m from the project site PP should ensure to develop buffer zone towards the canal area.
c. The green belt of the adequate width and density preferably with local species along the periphery of the plot shall be raised so as to provide protection against particulates and noise.

2. **Case No 7868/2020** Prior Environmental Clearance for Sand Quarry in an area of 2.0 ha. for production capacity of 45000 cum/ year at Khasra No. 803 at Village - Guradiyagond, Tehsil - Sitamau, Dist. Mandsaur (MP) by M/s Maa Bhagwati Construction, Shri Govind SIngh S/o Shri Dule Singh, Proprietor, 23, Tilgari, Tehsil - Shamgarh, Dist. Shamgarh, UP,

This case was recommended in 466th SEAC meeting dated 26.11.2020 and it was recorded that.....

"----------PP has submitted the response of above quarries same date vide letter dated 26.11.2020, which was placed before the committee and the same found satisfactory. The mining shall be done as per the approved mine plan by concerned DGMs. The EMP and other submissions made by the PP were found to be satisfactory and acceptable, hence committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'B':

PP/Consultant made a presentation on all aspects of the project and all concerned issues were discussed in detail. **After detailed discussions and perusal of recommendations of 466th SEAC meeting dated 26.11.2020, presentation made by the PP in SEIAA, it was decided to accept the recommendation of SEAC for grant of prior EC to the project subject to the following specific conditions:-**

I. PP shall not start mining activity before execution of lease agreement.
II. The production capacity shall be limited to the quantity as recommended by SEAC.
III. No ramp will be allowed within the river basin to transport sand to the other bank. Transportation will be allowed on the bank side where the mineral is being excavated.
IV. The entire lease area should be properly fenced and boundary stones marked at the site.
V. No in-stream mining shall be allowed. The local authorities should ensure that the mining activity is confined only in the dry portion where sand is exposed.
VI. PP shall ensure protection and conservation of existing tree falling under mining lease area and will be left as non mining area.
VII. The depth of the pit shall be as per Approved Mining Plan.
VIII. No transportation shall be permitted within the village.
IX. Alternate transportation route should be decided in consultation with the local Gram Panchayat.
X. Total 3600 saplings of suitable tree species i.e. Neem, Pipal, Bargad, Mango, Amla, Amaltas, Drumstick etc. shall be planted by PP at khsara No

(Tanvi Sundriyal)	(R.K. Sharma)	(Rakesh K. Shrivastava)
Member Secretary	Member	Chairman

802 in three years under plantation programme in consultation with DM at identified revenue land of the district. PP shall also explore and identify the chunk of land in the area from revenue record to carry out plantation programme as proposed

XI. Over loading will be strictly prohibited.

XII. Water sprinkling will be done on the approach road on the regular basis.

XIII. PP must ensure the implementation of following activities under CER:

- Contribution for the development of the boundary wall for primary school, Guaradiyagaon.

The modification to the above activities can be made with the permission of the district administration and need based activity for the development of nearby villages shall be implemented by PP in consultation with the District Collector and Gram Panchayat.

XIV. PP should ensure to submit half yearly compliance report, Plantation and CER activity report along with photographs of all activities in MP-SEIAA. If PP is failed to upload or submit two consecutive half yearly compliance reports of EC conditions to concerned authority (SEIAA and Regional Office, MoEF&CC,GoI,Bhopal) than prior environmental clearance issued to PP will automatically be treated as cancelled/ revoked as per OM No. 930/SEIAA/2019 dated 30.05.2019 issued by MPSEIAA.

Hence, Prior Environmental Clearance is granted for Sand Quarry in an area of 2.0 ha. for production capacity of 45000 cum/ year at Khasra No. 803 at Village - Guradiyagond, Tehsil - Sitamau, Dist. Mandsaur (MP) for the lease period to M/s Maa Bhagwati Construction, Shri Govind SIngh S/o Shri Dule Singh, Proprietor, 23, Tilgari, Tehsil - Shamgarh, Dist. Shamgarh, UP

3. **Case No 7870/2020** Prior Environmental Clearance for Sand Quarry in an area of 3.68 ha. for production capacity of 29700 cum/ year at Khasra No. 40, 105, 210 at Village - Shakkarkhedi, Tehsil - Sitamau, Dist. Mandsaur (MP) by M/s Maa Bhagwati Construction, Shri Govind SIngh S/o Shri Dule Singh, Proprietor, 23, Tilgari, Tehsil - Shamgarh, Dist. Shamgarh, UP,

This case was recommended in 466th SEAC meeting dated 26.11.2020 and it was recorded that.....

This case was recommended in 466th SEAC meeting dated 26.11.2020 and it was recorded that.....

"----------PP has submitted the response of above quarries same date vide letter dated 26.11.2020, which was placed before the committee and the same found satisfactory. The mining shall be done as per the approved mine plan by concerned DGMs. The EMP and other submissions made by the PP were found to be satisfactory and acceptable, hence committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'B':

PP/Consultant made a presentation on all aspects of the project and all concerned issues were discussed in detail. **After detailed discussions and perusal of recommendations of 466th SEAC meeting dated 26.11.2020, presentation made by the PP in SEIAA, it was decided to accept the recommendation of SEAC for grant of prior EC to the project subject to the following specific conditions:-**

I. PP shall not start mining activity before execution of lease agreement.
II. The production capacity shall be limited to the quantity as recommended by SEAC.
III. No ramp will be allowed within the river basin to transport sand to the other bank. Transportation will be allowed on the bank side where the mineral is being excavated.
IV. The entire lease area should be properly fenced and boundary stones marked at the site.
V. No in-stream mining shall be allowed. The local authorities should ensure that the mining activity is confined only in the dry portion where sand is exposed.

(Tanvi Sundriyal)
Member Secretary

(Rakesh K. Shrivastava)
Chairman

VI. The depth of the pit shall be as per Approved Mining Plan.
VII. No transportation shall be permitted within the village.
VIII. Alternate transportation route should be decided in consultation with the local Gram Panchayat.
IX. Total 8100 saplings of suitable tree species i.e. Neem, Pipal, Bargad, Mango, Amla, Amaltas, Drumstick etc. shall be planted by PP In khsara no. 5 in three years under plantation programme in consultation with DM at identified revenue land of the district. PP shall also explore and identify the chunk of land in the area from revenue record to carry out plantation programme as proposed
X. Over loading will be strictly prohibited.
XI. Water sprinkling will be done on the approach road on the regular basis.
XII. PP must ensure the implementation of following activities under CER:

- Construction of boundary wall of primary school, Ranayra

PP shall give preference to develop/provide infrastructural facilities in schools of above village. The modification to the above activities can be made with the permission of the district administration and need based activity for the development of nearby villages shall be implemented by PP in consultation with the District Collector and Gram Panchayat.

XIII. PP should ensure to submit half yearly compliance report, Plantation and CER activity report along with photographs of all activities in MP-SEIAA. If PP is failed to upload or submit two consecutive half yearly compliance reports of EC conditions to concerned authority (SEIAA and Regional Office, MoEF&CC,GoI,Bhopal) than prior environmental clearance issued to PP will automatically be treated as cancelled/ revoked as per OM No. 930/SEIAA/2019 dated 30.05.2019 issued by MPSEIAA.

Hence, Prior Environmental Clearance is granted for Sand Quarry in an area of 4.50 ha. for production capacity of 30000 cum/ year at Khasra No. 4 at Village - Ranayara, Tehsil - Sitamau, Dist. Mandsaur (MP) for the lease period to M/s Maa Bhagwati Construction, Shri Govind SIngh S/o Shri Dule Singh, Proprietor, 23, Tilgari, Tehsil - Shamgarh, Dist. Shamgarh, UP,

6. **Case No 7873/2020** Prior Environmental Clearance for Sand Quarry in an area of 4.0 ha. for production capacity of 30600 cum/ year at Khasra No. 243 at Village - Shakkarkhedi Jagir, Tehsil - Sitamau, Dist. Mandsaur (MP) by M/s Maa Bhagwati Construction, Shri Govind SIngh S/o Shri Dule Singh, Proprietor, 23, Tilgari, Tehsil - Shamgarh, Dist. Shamgarh, UP,.

This case was recommended in 466th SEAC meeting dated 26.11.2020 and it was recorded that.....

"----------PP has submitted the response of above quarries same date vide letter dated 26.11.2020, which was placed before the committee and the same found satisfactory. The mining shall be done as per the approved mine plan by concerned DGMs. The EMP and other submissions made by the PP were found to be satisfactory and acceptable, hence

committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'B':

PP/Consultant made a presentation on all aspects of the project and all concerned issues were discussed in detail. **After detailed discussions and perusal of recommendations of 466th SEAC meeting dated 26.11.2020, presentation made by the PP in SEIAA, it was decided to accept the recommendation of SEAC for grant of prior EC to the project subject to the following specific conditions:-**

I. PP shall not start mining activity before execution of lease agreement.
II. The production capacity shall be limited to the quantity as recommended by SEAC.
III. No ramp will be allowed within the river basin to transport sand to the other bank. Transportation will be allowed on the bank side where the mineral is being excavated.
IV. The entire lease area should be properly fenced and boundary stones marked at the site.
V. No in-stream mining shall be allowed. The local authorities should ensure that the mining activity is confined only in the dry portion where sand is exposed.
VI. PP shall ensure protection and conservation of existing (10) tree falling under mining lease area and will be left as non mining area
VII. The depth of the pit shall be as per Approved Mining Plan.
VIII. No transportation shall be permitted within the village.
IX. Alternate transportation route should be decided in consultation with the local Gram Panchayat.
X. Total 7200 saplings of suitable tree species i.e. Neem, Pipal, Bargad, Mango, Amla, Amaltas, Drumstick etc. shall be planted by PP In khsara No 242 in three years under plantation programme in consultation with DM at identified revenue land of the district. PP shall also explore and identify the chunk of land in the area from revenue record to carry out plantation programme as proposed
XI. Over loading will be strictly prohibited.
XII. Water sprinkling will be done on the approach road on the regular basis.
XIII. PP must ensure the implementation of following activities under CER:

- Project proponent provide complete water facility to the primary school, Shakkar Khedi

PP shall ensure to contruct toilet with proper plumbing in the school of above village and contribute on behalf of village in Jal Jeewan Mission in consultation with Janpad Panchayat and PHED. The modification to the above activities can be made with the permission of the district administration and need based activity for the development of nearby villages shall be implemented by PP in consultation with the District Collector and Gram Panchayat.

XIV. PP should ensure to submit half yearly compliance report, Plantation and CER activity report along with photographs of all activities in MP-SEIAA. If

recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'A':

PP/Consultant made a presentation on all aspects of the project and all concerned issues were discussed in detail. **After detailed discussions and perusal of recommendations of 466th SEAC meeting dated 26.11.2020, presentation made by the PP in SEIAA, it was decided to accept the recommendation of SEAC for grant of prior EC to the project subject to the following specific conditions**:-

I. Before commencing any mining activity fencing shall be carried out all around the lease area. Proper watch and ward arrangements should be made with installation of signage at 4 corners of lease area to avoid any untoward incident involving public and animals by the PP.

II. PP shall not start mining activity before execution of lease agreement.

III. The depth of the pit shall be as per the Approved Mining Plan.

IV. The entire area shall be fenced and three rows of plantation should be done on the periphery of the boundary and towards village side in west direction.

V. PP shall ensure that leave setback of 50 meters either side of the natural drain within the ML area

VI. PP shall ensure that the proper water supply arrangements for dust suppression, regular sprinkling, plantation and drinking purposes especially in summer season.

VII. PP shall ensure to construct and maintained the approach road. Plantation will be carried out on both side of approach road.

VIII. PP shall ensure proper implementation of plantation, dust suppression, construction of approach road and maintenance of existing road & as part of Environmental Management Plan. Additional budget provision shall be made as part of EMP.

IX. Total 2700 saplings of suitable tree species i.e. Neem, Pipal, Bargad, Mango, Amla, Amaltas, Drumstick etc. shall be planted by PP at khsara no. 231 in three years under plantation programme. PP shall also explore and identify the chunk of land in the area from revenue record to carry out plantation programme as proposed.

X. PP must ensure implementation of the following activities under CER.

- Provide sports items and water filter of primary school, Bilda.

PP shall give preference to develop/provide infrastructural facilities in schools of above village The modification to the above activities can be made with the permission of the district administration and need based activity for the development of nearby villages shall be implemented by PP in consultation with the District Collector and Gram Panchayat

XI. PP should ensure to submit half yearly compliance report and CSR activity report with photographs of plantation in MP-SEIAA. If PP is failed to upload or submit two consecutive half yearly compliance reports of EC conditions to concerned authority (SEIAA and Regional Office, MoEF&CC,GoI,Bhopal) than prior environmental clearance issued to PP will automatically be treated as cancelled/ revoked as per OM No. 930/SEIAA/2019 dated 30.05.2019 issued by MPSEIAA.

the district. PP shall also explore and identify the chunk of land in the area from revenue record to carry out plantation programme as proposed.

VII. PP shall ensure proper implementation of plantation, dust suppression, construction of approach road and maintenance of existing pakka road as part of Environmental Management Plan. Additional budget provision shall be made as part of EMP.

VIII. PP must ensure implementation of the following activities under CER:

- Provide to construction of Boundary of Primary School, Kathwahaji.

PP shall give preference to develop/provide infrastructural facilities in schools of above village. The modification to the above activities can be made with the permission of the district administration and need based activity for the development of nearby villages shall be implemented by PP in consultation with the District Collector and Gram Panchayat.

IX. PP should ensure to submit half yearly compliance report, Plantation and CER activity report along with photographs of all activities in MP-SEIAA. If PP is failed to upload or submit two consecutive half yearly compliance reports of EC conditions to concerned authority (SEIAA and Regional Office, MoEF&CC,GoI,Bhopal) than prior environmental clearance issued to PP will automatically be treated as cancelled/ revoked as per OM No. 930/SEIAA/2019 dated 30.05.2019 issued by MPSEIAA..

Hence, Prior Environmental Clearance is granted for Stone Quarry (Opencast Manual/Semi Mechanized Method) in area of 4.90 ha. for production capacity of 200020 cum per annum at Khasra No. 2351, 2352, 2353 at Village - Kathwahaji, Tehsil - Gohad, Dist. Bhind (MP) for the lease period to M/s S.R.S.Star Mining Industries Pvt. Ltd, Director- Shri Ramnivas Sharma R/o 46, Shanti Vihar Colony, Dist. Gwalior, MP – 474011.

10. **Case No. 6665/2019** : Prior Environment Clearance for Proposed Capacity Expansion Project - Manufacturing of Synthetic Organic Dyes, Dye Intermediates & Chemicals at Plot No. 8-J Village-Sagor Pithampur, District-Dhar, MP. Total plot area ~ 6400 sq.m. Propsed Capacity existing consented quantity of 650 MTPA to 13908 MTPA by SANCHI CHEMICALS PVT. LTD. through Director - 412-A, City center 570 M.G. Road Indore (M.P.)-452001 Mobile No.: 9425006259, E-mail: msharma@sanchichem.net

(1) The project is proposed for Capacity Expansion in Manufacturing of Synthetic Organic Dyes, Dye Intermediates & Chemicals, at Plot No. 8-J, Sagore, Pthampur Industrial Area, Dist. Dhar, (MP).
(2) The project site is located at Latitude 22°36'46.35"N - 22°36'50.71"N Longitude75°36'10.78"E -75°36'14.50"E

(Tanvi Sundriyal)	(R.K. Sharma)	(Rakesh K. Shrivastava)
Member Secretary	Member	Chairman

(3) The concept of proposed expansion project is to enhance the capacity from 650 MTPA to 13908 MTPA within the existing premises. During presentation in SEAC it was submitted by PP that existing unit was established in the year 1994 and thus EC was not applicable PP has obtained consent (dtd. 14.10.19) from MPPCB for the earlier production 650MT.

(4) The project is having a plot area of 6400 sqm Salient features of the project as submitted by the project proponent:-

Production capacity	650 TPA to 13908 TPA of Synthetic dye, dye intermediates and chemicals
Estimated Project Cost	Existing : 3.92 Crore Additional : 4.21 Crore (Total = 8.13 Crore)
EMP Cost (Capital)	Existing : 3.92 Crore Existing+ Proposed : 233.80 Lacs
EMP Cost Recurring	Existing : 27.01 Lacs Existing+ Proposed : 14.50+ 40 Lacs
Acquired Land	6400 sq mtrs
Total Water Consumption	Existing : 10.393 KLD Additional : 39.202 KLD (Total= 49.594 KLD)
Net fresh Water Consumption	11.798 KLD as 37.796 KLD of treated water will be recycled.
Source of Water Supply	AKVN
Industrial Waste Water Generation	Existing : 4.11 KLD Additional : 35.675 KLD (Total= 39.785 KLD)
Treatment Facility	ETP of 50 KLD, MEE of 30 KL/day. The treated water will be used for cooling towers, floor washing and green belt.
Source of power supply	Madhya Kshetra Vidyut Vitaran Company Stand BY DG Set : 350 KVA (Proposed)
Power Requirement	Existing : 90 KVA proposed : 60 KVA Total : 150 KVA
Boilers Details	Existing : 1no - 0.7 TPH , 1 no. : 2 TPH (total = 2no)
Fuel Options Coal kg/hr	Existing : 40KG/day proposed : 40 KG/day Total : 80 KG/day
Major equipments	Reactors, Centrifuge, drum Dryer, Filters, Boiler, Cooling Tower, MEE, ETP etc.
Green belt (sq mt)	Existing : 784.27 sq mtrs proposed : 215.73 sq mtrs Total : 1000 Sq mtrs
Employment generation	Existing : 25 proposed : 15 Total : 40

(5) The Existing and proposed product and production capacity are as follows:-

Sr. No.	Name Of Products	Existing Quantity (Mt/Year)
1	EBASA	400
2	SO DYES	250
Total		650

SN0	Name of expanded and additional	capacity in MTPA

(Tanvi Sundriyal)
Member Secretary

(R.K. Sharma)

(Rakesh K. Shrivastava)
Chairman

	products	
For New Product		
1	EBASA (Ethyle Benzyle Aniline Sulphonic Acid)	2500 MT
2	SO Dyes	1500 MT
3	Calcium Sulphate	5000 MT
4	Ethyle Benzyle Aniline	1800 MT
5	Sodium Iodide	120 MT
6	Potassium Iodide	180 MT
7	Calcium Iodate	120 MT
8	Sodium meta periodate	120 MT
9	Periodic acid- 50%	48 MT
10	Ethylene diamine dihydriodide	36 MT
11	Iodine monochloride	24 MT
12	Cuprous Iodide	60 MT
13	Sodium Selenite	120 MT
14	Sodium Selenate	48 MT
15	Selenium dioxide	120 MT
16	Selenious acid	24 MT
17	Sodium biselenite	36 MT
18	Zinc Selenite	24 MT
19	Vanadyl Sulphate	96 MT
20	Sodium meta vanadate	36 MT
21	Selenium Sulfide-USP	96 MT
22	Other Suphonated products (2B, 4B Acid, Pantosa)	1800 MT

(6) The proposed project is covered under 5 (f) category (B) of the schedule of EIA Notification issued by the Ministry of Environment & Forests vide S.O.1533 (E), dtd. 14.09.2006 and its amendments, hence is required to obtain prior EC. In the context of pandemic COVID -19, GoI's MoEF&CC issued a OM vide dated 13.04.2020 for considering the API & Bulk drug Projects as B-2 category.

(7) There is no interstate boundary within 05 km and no National park, Sanctuary and Eco-sensitive areas within 05 km of the project area hence General condition are not attracted.

(8) The case was discussed in SEAC meetings 410th dated 02.12.19, 466th dtd. 26.11.20 and recommended for grant of prior EC.

(9) Today the case scheduled for presentation and after deliberations by PP the case was discussed in depth & it is recorded that:-

i. The total land area of the project is 6400.0 sq. m. and allotted by MPAKVN in Pithampur SEZ Phase II. PP has submitted copy of registered lease deed executed on 14.05.2003 between Managing Director MPAKVN, (Indore) Ltd. and M/s SANCHI CHEMICALS PVT. LTD through authorised signatory.The land use breakup of the project area is as follows:-

Particular	Area in Sq Mt Existing	Area in Sq Mt Proposed	Area in Sq Mt After Expansion
Built up Area	2007.1	1992.9	4000
Raw Material Storage	192.59	207.1	400
Internal road	837.2	62.8	900
Green Belt	784.27	215.73	1000
Open Land	2578.84	2478.84	100
Total area	**6400**	**6400**	**6400**

ii. The major facilities involved area Boiler, Cooling Towers, Effluent Treatment Plant (ETP), and MEE Plant Facilities like administrative office, parking and greenbelt/plantation also developed as per plan/requirement.

iii. The water requirement for the existing project is 10.393 KL per day. The total water requirement for existing and proposed project will be around 49.594 KLD and after recycling of 37.796 KLD of water, net fresh water requirement will be 11.798 KLD, which is/will be sourced through AKVN. Total cumulative waste water generation of 39.785 (proposed) (4.11 KLD existing) and treated in ETP of 50 KL/day. The treated water will be used for Process, cooling towers, floor washing and gardening/green belt

iv. Total waste water generation which will be treated in ETP will be 46.285KL/day. The domestic waste water shall be treated through septic tank and soak pit system. Various mitigation measures shall be adopted for water and wastewater management is mentioned below:

- Storm water drainage system will be strengthened and shall be maintained preciously to prevent the flow of silt ,chemicals and other contaminant outside of the site
- Blow downs from cooling towers, boiler, scrubber, Softener regeneration, Vacuum pump approx 1.95 KL will go to ETP
- The entire trade effluent will be divided into two streams i.e. Stream-I (high concentrated streams) and Stream-II (low concentrated stream). Both the streams will be treated in well-designed ETP, RO and MEE.
- High COD high TDS wastewater will be sent to MEE. Remaining will be treated in ETP.
- The Domestic waste will be treated in a septic tank/soak pit or aeration system followed by ETP
- Utilization of treated wastewater in toilet flushing, greenbelt development and dust suppression shall be continue

(Tanvi Sundriyal)
Member Secretary

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

- A drain along the boundary wall shall be made, which will be connected proposed settling tank to protect the flow of contaminant towards nearby area
- Being a chemical based plant, it is proposed to harvest the rain water only form the building roof top.
- Recycling of 37.796 KLD water is proposed which reduces the fresh water demand.
- No treated / untreated effluent would be discharged on land in Industrial premises or study area.
- Internet Protocol PTZ camera with night vision facility along with minimum 05X zoom and data connectivity must be provided to the MPPCB's server for remote operations

v. Particulate matters & other gaseous emission are envisaged as pollutant from boiler and other sources apart from other sources of fugitive emission .Depending on quality of emission from different sources, suitable air pollution control system will be provided. To mitigate the impact of pollutants from boiler stack, sources of fugitive emission and vehicular traffic during the operational phase of the site, following measures

- Height of all the stacks will be as per statutory requirement as 30 mtrs for both boiler (0.7 TPH and 2 TPH) . All the stacks will have Monitoring Facility (SMF) consisting of sampling port-hole, platform and access ladder.
- Bag filter shall be provided at proposed boiler to control the emission below 50 mg per cubic meter
- The work zone and surrounding areas shall be monitored for VOC also possibility shall be explored for periodic VOC monitoring system.
- Online monitoring system for the pollutants from the stacks with an arrangement to reflect gaseous emission parameters on company's server shall be provided.
- Company proposes 2 No of Alkali scrubbers to take care of trace quantities of SO2/ SO3 and Company proposes 2 No of Process Stacks having 30 meter height to discharge Process Air containing minimal traces of SO2 and SO3.
- Company proposes to install Pressure operated Condensate Recovery Units to collect and reuse at least 50% of Steam Condensate
- Regular monitoring of the stack emission of proposed scrubber shall be carried out.
- Transport vehicles will be properly maintained to reduce air emissions. Vehicles will be periodically checked for pollutant emissions against stipulated norms.
- Idle running of vehicles will be minimized during material loading/unloading operations.
- Water sprinkling along the internal road and around premises.

(Tanvi Sundriyal)	(R.K. Sharma)	(Rakesh K. Shrivastava)
Member Secretary	Member	Chairman

vi. Noise generating sources in a plant are identified as steam release valves, compressors, blowers etc. No person is required to remain constantly at the above-mentioned units and will go occasionally to check the systems.

Noise attenuating devices like earplugs and earmuffs shall be provided to workers exposed to high noise levels. Noise barriers, silencer and enclosures shall be incorporated in the equipments, which emit high noise level. All basic equipments and various machineries should be kept well maintained. Green belts are good noise barriers and same will be developed around the plant. The sufficient green belt may be proposed to control noise levels.

vii. Solid waste generated during the manufacturing process and wastewater treatment process is mainly sludge and will be disposed at authorized TSDF facility, Pre processing, Co processing in cement plant, as per Hazardous and Other Waste (Management & Transboundary Movement) Rules, 2008 (Amendment 2016)

viii. Power requirement will be sourced from existing line of 'Madhya Pradesh Madhya Kshetra Vidyut Vitaran Company'. The company is already authorized to use power load of 90 kva.

ix. The plantation and green belt is developed in 1000 sq. meter within plant with the 200 number in the project area, mainly along the plant periphery, in downward wind direction and along road sides etc

x. PP has included Disaster Management plan in the EIA Report. For firefighting measure PP has provided Fire extinguishers and Fire Hydrants at project site.

Hence It is decided to accept the recommendations of 466th SEAC meeting dtd 26.11.2020 and accord Prior Environment Clearance for proposed Capacity Expansion Project - Manufacturing of Synthetic Organic Dyes , Dye Intermediates & Chemicals at Plot No. 8-J Village-Sagor Pithampur,District-Dhar, MP. Total plot area ~ 6400 sq.m Propsed Capacity expansion consented quantity of 650 MTPA to 13908 MTPA by SANCHI CHEMICALS PVT. LTD. through Director - 412-A, City center 570 M.G. Road Indore (M.P.)-452001subject to following specific conditions:-

1. The entire demand of fresh water should be met through MPAKVN as proposed.
2. Fresh water should not be used for gardening purpose.
3. **Waste water:**

(a) PP should ensure "Zero effluent discharge" from the unit by 100% recycling. The water softening reject, boiler blow down reject and cooling blow down will be treated in ETP. Further treated waste water will go through the RO and finally re used / recycled in the process and unused waste water evaporates in MEE.

(b) RO and MEE should be provided for treatment of high COD waste streams and only in case of emergency/breakdown high COD wastes should be disposed off through CTSDF, Pithampur,Dhar

(Tanvi Sundriyal)
Member Secretary

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

4. **For Air Pollution:**

(a) PP should ensure regular Stack monitoring & ambient air quality monitoring and should be carried out as per the guidelines/norms of MPPCB/CPCB.

(b) In plant control measures for checking fugitive emission from all the vulnerable sources shall be provided. Fugitive emission shall be controlled by providing closed storage, closed handling & conveyance of chemicals/materials, multi cyclone separator/bag filters and water sprinkling system.

(c) Company shall carry out the HAZOP study and report shall be submitted to ministry MoEF & CC Regional Office, Bhopal.

(d) For control of fugitive emission and VOCs following steps should be followed:-

- Chilled brine circulation system shall be provided and it should be ensured that the solvent recovery efficiency is not be less than 95%.
- Reactor and solvent handling pump shall be provided with mechanical seal to prevent leakage.
- Solvent shall be taken from underground storage tank to reactor through closed pipeline. Storage tank shall be vented through trap receiver and condenser operated on chilled water.

5. **Hazardous Waste Management:**

(a) As proposed above, PP should ensure disposal of hazardous waste regularly and there should be no dumping of these materials in the premises/outside.

(b) PP should ensure handling, disposal and management of hazardous waste as per the related prescribed rules.

(c) PP should obtain Renewal of authorization regularly from MPPCB for collection storage and disposal of hazardous waste (Management, handling & transboundary Movement) Rules 2008 and its amendments. Membership of the TSDF should be obtained for hazardous waste disposal.

(d) Hazardous chemicals should be stored in sealed tanks, drums etc. Flame arrestors shall be provided on tanks. To avoid the spillage from processing unit, Industry shall provide fully mechanized filling and packaging operation unit.

6. **Green Belt Development:**

(a) PP should ensure plantation as proposed 1000 sq. m of area by planting 200 nos with indigenous local varieties like Neem, Peepal, Kadam and Kachnaar.

(b) Every effort should be made to protect the existing trees on the plot.

(c) Green area including thick green-belt shall be developed in at least 33% of the plot area to mitigate the effect of fugitive emissions all around the plant in consultation with the forest department as per the guidelines of CPCB.

7. All other conditions as laid in the consents of MPPCB shall be applicable.

8. Proper piezometric holes for ground water sampling.

(Tanvi Sundriyal)	(R.K. Sharma)	(Rakesh K. Shrivastava)
Member Secretary	Member	Chairman

9. PP should obtained approval from competent authority for health & safety measure, Onsite & offsite disaster management, and risk management plan.
10. Dedicated power supply shall be ensured for uninterrupted operations of treatment systems.
11. PP should ensure installation of photovoltaic cells (solar energy) for lighting in common areas, LED light fixtures and energy efficient equipments.

11. Case No.7891/2020: Prior Environment Clearance for Garha Irrigation Project at Village - Kodaroti, Sadar, District- Betul (MP) Gross Command Area- 11500 ha Cultureable command area (CCA): 8500ha; Catchment Area- 390.75 sq.m. Submergence Area 954.13 ha by Executive Engineer, Water Resources Division No. II, Office of the Executive Engineer, Dist. Betul, MP, Email – eewrdbetulmp@rediffmail.com, Mob - 9826222772 Env. Con.- R. S. Envirolink Technologies. Pvt. Ltd. Gurgaon.

The case was considered in 646th SEIAA meeting dtd. 28.11.2020 and recorded that:-

1. *The project involves construction of a dam across Machna river, to create gross storage capacity of 39.62 MCM out of which 31.885 MCM will be utilized for lift irrigation scheme and 2.00 MCM for drinking water.*
2. *This will be a 1185 m long Dam (971 m earthen and 214 m concrete/masonry) with a maximum height of 19.86 m from deepest riverbed level.*
3. *Dam will create a Gross storage 39.62 MCM and live storage of 31.885 MCM.*
4. *Water will be lifted through a rising main of 4.5 km up to DC and then distributed by two gravity mains of 10.5 km and 7.5 km long.*
5. *3.06 cumec of water will be lifted in this scheme during Rabi season only.*
6. *Water shall be delivered up to 5 ha chak, beyond which cultivators shall connect their own line and sprinkler system.*
7. *Total 31 villages will be benefitted, 25 villages of Betul CD Block, 5 villages of Chicholi CD Block and 1 village of Ghodadongri CD Block*
8. *There is no wildlife sanctuary, National park (DFO letter dtd. 24.09.20) and interstate boundary(PWD letter dtd.17.09.20) within 10 km of the project area, hence general conditions are not attracted.*
9. *The project has a command area of 8500 ha; therefore as per EIA notification of September 2006 and subsequent amendment dated 14th August 2018, it is a Category B2 project (Medium irrigation project having CCA > 2000 ha and < 10000 ha)" and hence shall be appraised by SEIAA/SEAC, Madhya Pradesh.*
10. *The project is planned by WRD, MP to provide irrigation & drinking water to Betul, Chicholi and Ghodadongri blocks of Betul district.*
11. *The project is planned to cater irrigation water to 8500 ha of CCA in 31 villages of Betul, Chicholi and Ghodadongri blocks of Betul district.*
12. *Total land requirement for the project is 966.13 ha out of which 12 ha is required for approach road, staff quarters, office, store, rising main, distribution chamber etc. and 954.13 ha comes under submergence.*

(Tanvi Sundriyal)
Member Secretary

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

13. *Total land requirement of 966.13 ha constitutes of:*
    - *government land: 113.47 ha*
    - *private land: 852.66 ha*
    - *No forest land shall be required for the project.*
14. *A total of 10 villages of Betul CD Block will be affected, out of which 2 villages will involve displacement of families.*
15. *17 houses (36 nuclear families) will get displaced and resettled; from 2 villages viz. Kodaroti and Padhar Khurd. They will be settled near the same villages on available government land.*
16. *The case was discussed in SEAC meetings 465th SEAC meeting dtd. 07.11.20 and and is recommended for grant of prior EC subject to special conditions.*

As per above recommendation, the case was scheduled for presentation and It is noted that Green belt is proposed to be developed within the project area around reservoir periphery, along the network of approach roads, residential areas and other working areas restored. After discussion and deliberation, PP was asked to submit specific green belt development plan giving location, number of trees and name of tree species to be planted with budget break-up".

(1) In response to above vide letter dtd. 04.12 2020 PP has submitted the revised green belt development plan with budgetary provision. Accordingly the case was discussed and recorded that:-

i. In irrigation schemes, air pollution occurs mainly during project construction phase. For all major construction activities, curtaining of the site will be done to protect the surrounding areas from dust emissions. In addition, regular sprinkling of the water will be done on construction sites for dust suppression. During operation phase, no major impacts are envisaged on air quality. A budget provision of Rs. 12.00 lakh per year for 3 years has been made.

ii. The construction of dam and allied structures could lead to stockpiling and excavation activity on site, thereby exposing the base soil to erosion. The runoff from this site and also from muck storage/disposal sites, material storage area; may contain high quantity of Suspended Solids impacting the water quality of drainages in the area.

- Conservation of water should be implemented at construction sites to minimize the generation of wastewater. Adequate care should be taken so that excess suspended solids in the wastewater are removed before these are disposed into water body or over land, although effluent is expected to be small to cause any adverse impact.
- During Construction phase provision of septic tank/ soak pit of adequate capacity for labour camp so that it can function properly for the entire duration of construction phase.
- During Operation, Commission of suitable treatment facilities to treat the sewage generated from the colony.

(Tanvi Sundriyal)
Member Secretary

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

- Oil interceptors shall be provided for refuelling areas, vehicle parking, washing areas etc. All spills and collected petroleum products will be disposed off in accordance with SPCB guidelines.

iii. Total 75% dependable year yield at Garha dam site is computed as 92.81 MCM. Upstream utilization has been estimated as 23.50 MCM; making net yield at dam site as 69.31 MCM. 99% of the yield is contributed by monsoon flow and only about 6% or 5.64 MCM yield is from non-monsoon period.The project is designed with live storage/proposed utilization of 39.622 MCM, and remaining water from monsoon contribution will be continuously discharged for downstream users i.e. a surplus of 29.688 MCM, which is sufficient for downstream users, as assessed by WRD during planning of project.

iv. The conservation of fishes under such conditions is one of important task because they typically use different habitats along the river stretch for spawning, feeding, shelter and growth. For the conservation of Fish following step will be adopted by WRD:-

- It is proposed that the reservoir of the proposed dam be stocked with fingerlings.
- There is a fish seed farm in Betul district working under Fisherman Welfare & Fisheries Development department, Govt. of Madhya Pradesh. Fish seed can be procured from these fish seed farms. Funds for the management of fisheries for initial three years shall be provided by the project proponent.
- Under the multispecies culture system, the indigenous Indian major carps Catla, Rohu and Mrigal can be extensively stocked in reservoir. or better utilization of the available food and maintain the food chain, stocking of *Labeo calbasu*, *Labeo fimbriatus* and *Labeo bata* species may also be considered. All these species constitute the native fauna of river Narmada.

v. Muck will be generated due to Construction of dam and Laying of water conductor system for conveyance of water up to farm level.

- The excavated material from the dam foundation will be fully utilised in dam construction.
- Muck requiring disposal from laying pipeline network especially rising and gravity mains has been estimated as 120,237 m^3. This quantity can also be utilized in dam construction.
- Alternatively, this surplus soil will be utilized for refilling of the trenches and the approach road proposed to be constructed for carrying the pipes at site and preparation of platform for crane.
- During excavation, care will be taken that top fertile soil is kept aside and will be used for re-filling the top area after laying pipe line. This top soil will be spread on adjoining farming fields with consent of farmers or alternatively will be used for green belt development.

(Tanvi Sundriyal)
Member Secretary

(R.K. Sharma)
Member

(Rakesh K. Shrivastava)
Chairman

- Balance muck will be managed by spreading along the route in the low lying areas. Any further surplus muck, shall be laid in the community undulating area of the connected villages with the consent of concerning Gram-panchayat or Janpad Panchayat. The muck may also be used by nearby Gram Panchayats for construction of village roads etc. A lump sum provision of capital expenditure of **Rs. 100 lakh** has been made for muck disposal.

vi. Solid waste generated from temporary and permanent colonies in construction as well as operation phase requires special management to dispose of as warranted under the new Solid Wastes Management Rules, 2016. **Following mitigation measures shall be adopted for waste management:**

- Contractor shall be responsible for segregation of construction and demolition waste and handle the same in consultation with local authority.
- Waste construction material shall be recycled as far as possible and remaining disposed off at designated site in consultation with the local authority.
- Contractor will ensure that there is no littering or deposition of waste so as to prevent obstruction to the traffic or the public or drains.
- Any hazardous waste generated at site such as waste oil, used batteries, empty barrels/containers/liners contaminated with hazardous chemicals/wastes and contaminated cotton rags or other cleaning materials, etc. shall be disposed off in accordance with the Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016.
- A lump sum budget of Rs. 30.00 lakh has been kept for capital expenditure towards procurement of bins, carts, mobile toilets, etc. and Rs. 6 lakh per annum for recurring cost covering replaced items and manpower cost for 3 years of construction phase.

vii. Following are proposed for Improvement in Public Health:

- One Ambulance with all the basic Medicare facilities at construction site
- Improvement in existing health centers
- Health Awareness/ Vaccination Camps

Provision of Rs. 59 lakh has been kept for Public Health Delivery System; which includes Rs. 35 lakh in capital cost and Rs. 24 lakh in recurring cost to be spread over 3 years

viii. To improve green cover, plantation in 21.25 hectare (0.25% of command) in several patches in non forest waste land is proposed subject to availability of suitable land.

Budget has been prepared for plantation and maintenance for 5 years @ Rs. 4.50 lakh per hectare (Rs. 3.00 lakh for first 2 years and Rs. 50,000.00 each for next 3 years) i.e. a total provision of Rs. 96.625 lakh has been made.

Greenbelt development around reservoir periphery, approach roads, office/residential area: The construction of dam would result in formation of reservoir of 954.13 ha Immediate slopes above FRL will be prone to slips due to increased moisture and fluctuation in the reservoir level.Therefore a belt of trees will be created over 5 ha around the periphery of reservoir area to check downward movement of any slope wash material and accidental fall of any wild animal into the reservoir.

Plantation around the residential and office complex as well as along the road side on approach roads to dam and office area is also propsed to be done so that greenery is developed .A total of about 3.50ha will be developed as green belt around dam.

The species to be planted will be chosen in consultation with local villagers and will be site specific. Suggested species for plantations are Teak, Dhawda, Sisham, Bamboo, Siras, Amaltas, Karanj, Neem, Sagon, Aonla, Mahua, Khair, Babool etc. The plantations will be maintained for five years & will be handed over to village Panchayat for management.

A total of 8.50ha of green belt will be developed. Budget has been prepared for plantation and maintenance for 5 years @ Rs. 4.50 lakh per hectare (Rs. 3.00 lakh for first 2 years and Rs. 50,000.00 each for next 3 years) i.e. a total provision of Rs. 38.25 lakh has been made.

ix. As per suggestion of Committee Aamganwadi's will be involved in plantaion in command area. Budget will be provided under MANREGA and local horticulture and fruit bearing species will be planted.The sewage waste shall be disposed after treatment through STP. The effluent to be discharged should conform to the Standard norms.

x. Under the local infrastructure development, it is proposed to upgrade the existing school at Kodaroti village.This is the villages from where about 17 household will be displaced.

xi. The agricultural fields and human settlements at some villages are very close to FRL of reservoir. Such places need protection for their land and houses for which it is proposed to construct concrete retaining wall along the stretch of reservoir at potentially vulnerable places having a combined length of about 0.50 km. The cost of protection wall (R. R. Stone masonry in C.M.1:5) of 3 m height has been assessed as Rs. 28.28 lakh.

xii. 36 nuclear families from 17 households will be displaced belong to 2 villages viz. Kodaroti and Padhar Khurd.As the number is not large, they will be settled in existing villages based on their choice. Adequate infrastructure augmentation will be provided.A detailed proposal for resettlement of these families will be prepared in full consultation with project affected families and district administration in full compliance with

(Tanvi Sundriyal)

The Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013 and rules made under the act. Financial requirement for implementation of the Rehabilitation and Resettlement plan and infrastructural facilities is Rs 1.99 Crore.

xiii. Disaster Management Plan has been prepared to deal with dam break event; with a budget of Rs. 100.00 lakh to cover the cost of alert system, communication system, emergency response organization, public information system, maintenance period, etc.

Benefit of the **project:** Better living Standards for famers of command area, Employment opportunities/to locals in project work and fisheries, Access to improved infrastructure facilities, Recreation and tourism potential may boost Improvement in environment through implementation of CAT, Command Area Development. Compensatory Afforestation, Green belt Development and different other plans. Better opportunities for cattle rearing. Increase in groundwater level.

The submissions made by the PP were found to be satisfactory and acceptable hence it is decided to accept the recommendations of 465th SEAC meeting dtd. 07.11.20 and grant Prior Environmental Clearance for proposed Garha Irrigation Project at Village - Kodaroti, Sadar, District- Betul (MP) Gross Command Area- 11500 ha Cultureable command area (CCA): 8500ha; Catchment Area- 390.75 sq.m. Submergence area 954.13 ha by Executive Engineer, Water Resources Division No. II, Office of the Executive Engineer, Dist. Betul, MP, subject to the following specific conditions:-

1. The project proponent shall obtain Consent to Establish / Operate under the provisions of Air (Prevention & Control of Pollution) Act, 1981 and the Water (Prevention & Control of Pollution) Act, 1974 from the concerned State pollution Control Board/Committee.
2. The implementation of R & R Plan to be closely monitored to ensure that all project affected families (PAFs) get adequate & timely compensation.
3. Resettlement & Rehabilitation plan be implemented in consultation with the water resources department as approved by the State Govt
4. Besides the agricultural land, the rehabilitation of public buildings, infrastructures, monument etc. falling in the submergence area should also be included in the rehabilitation plan.
5. A monitoring Committee for R & R shall be constituted which must include representatives of project affected persons including form SC/ST community and at least a woman beneficiary.
6. A grievances redress mechanism is to be devised by WRD GoMP and put in place so that aggrieved PAFs and other stakeholders may approach the Authority easily for resolution of any dispute/conflict.
7. The implementation of Local Area Development Plan (LADP) to be closely monitored.

(Tanvi Sundriyal)	(R.K. Sharma)	(Rakesh K. Shrivastava)
Member Secretary	Member	Chairman

8. This being a seasonal stream/ river, a minimum environmental flow of 30 % in monsoon season should be released for downstream users.

9. Proposed Bio-diversity Conservation & Management Plan in EMP report should be implemented with State Forest Department. The allocated budget for this purpose shall be fully utilized and not to be diverted for any other purpose.

10. The catchment Area Treatment (CAT) Plan as proposed in EMP report shall be strictly implemented in consultation with Madhya Pradesh State Forest Department. Major works shall be completed before impounding of reservoir. The financial allocation for CAT Plan implementation shall be fully utilized and not to be diverted for any other purpose. Catchment Area Treatment Plan as has been proposed should be completed in five years.

11. To enhance the natural environmental quality & aesthetics of project site, greenbelt, as proposed in the EMP Report shall be undertaken in 20 ha of area. Allocated grant for this purpose shall be fully utilised and not to be diverted for any other purpose.

12. Fishery conservation & management plan as proposed shall be implemented in consultation with the Fisheries Department, Government of Madhya Pradesh.Allocated grant for this purpose shall be fully utilised and not to be diverted for any other purpose.

13. Occurrence of stagnant pools/slow moving water channels during construction and operation of the project may provide breeding source for vector mosquitoes and other parasites. The river should be properly channelized so that no small pools and puddles are allowed to be formed. Even after taking precaution, due to unforeseen situations, breeding of mosquito and resultant malaria or mosquito borne diseases can increase. If such a situation arises, it will be the responsibility of project authorities to take all steps i.e. residual insecticidal spray in all the project area and surrounding 3 km. Area keeping the flight range of mosquitoes in consideration. Also medical assistance to be provided to the affected people at the cost of the developer and appropriate health benefits may be initiated with the help of State Health Department.

14. If the water of reservoir is used for drinking water supply, it should be done after conventional treatment.

15. Regular monitoring of water quality (Surface and Ground) including heavy metals shall be undertaken in the project area and around the project area to ascertain the change, if any, in the water quality due to leaching of contaminants, if any, from the increased use of chemical fertilizers and pesticides.

16. As the reservoir will be acting as balancing reservoir and there would be fluctuation of water level during peaking period, efforts be made to reduce impact on aquatic life including impacts during spawning period both at the upstream and downstream of the project.

17. PP should ensure to develop total 21.25ha area with plantation as propsed.

PP has submitted the response of above quarries same date vide letter dated 01.10.2019, which was placed before the committee and the same found satisfactory. The EMP and other submissions made by the PP were found to be satisfactory and acceptable, hence committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'A':

PP was absent in 643 SEIAA meeting dated 06-10-20, 646 SEIAA meeting dated 28-11-20, 647 SEIAA meeting dated 07-12-20. Since sufficient opportunities has been given to the PP for appraisal of their case but PP remains absent thus it was decided to delist the case on the condition that if PP intends to present the case in SEIAA, it will then be relisted for appraisal. Copy to PP and all concerned.

15. **Case No. 6097/2019** Prior Environmental Clearance for Stone Quarry (opencast manual/semi mechanized method) in an area of 5.0 ha. for production capacity of 299965 cum/ year at Khasra No. 38 at Village - Ghosipur, Tehsil - Gaurihar, Dist. Chhatarpur (MP) M/s Denine Granites, Village - Ghosipur, Tehsil - Gaurihar, Dist. Chhatarpur, MP - 471516

This case was discussed in 608th SEIAA meeting dated 04.05.2020 and it was recorded that.....

The case was discussed in 575th SEIAA meeting dtd. 10.10.2019 and it was recorded that:-

".....PP/Consultant made a presentation on all aspects of the project and all concerned issues were discussed in detail. After detailed discussions and perusal of recommendations of 394th SEAC dated 31.08.2019, presentation made by the PP in SEIAA, it was decided to ask PP to submit undertaking/commitment for maintainace and repair of PMGSY road with estimated cost and revised CER.".

Since PP has not submitted above desired information hence it has been decided to delist the case on the condition that if PP intends to present the case in SEIAA, it will then be relisted for appraisal. Copy to PP and all concerned.

In response to query in 575th SEIAA meeting dated 10.10.2019, PP has submitted commitment for maintainace and repair of PMGSY road with estimated cost and revised CER information vide letter dated nil received in SEIAA Office dated 30.09.2020 with a request to relist the case. The Authority decided to call PP in upcoming SEIAA meeting for clarification.

16. **Case No 7354/2020** Prior Environmental Clearance for Limestone Mine (opencast manual/semi mechanized method) in an area of 2.30 ha. for production capacity of 18000 cum/ year at Khasra No. 110/2/2(Part)) at Village- Soyla, TehsilGandhawani, District- Dhar (MP) M/s Khandelwal Mines & Minerals, Prop. Smt. Shobha Gupta W/o Shri Ranchordas Khendelwal, 138/, Vallabh Bhai Patel Marg, Ward No. 3, Main Dhar Road, Manawar, Dist. Dhar, MP - 454446

The case was discussed in 644th SEAC meeting dated 07.10.2020 and it was recorded that.....

The case was discussed in 449th SEAC meeting dated 24.07.20 and it was recorded that.....

The case was presented by the PP and their consultant. During appraisal of the case it was observed by the committee that lease is already excavated. PP submitted that they were

(Tanvi Sundriyal)	(R.K. Sharma)	(Rakesh K. Shrivastava)
Member Secretary	Member	Chairman

carrying mining operations till 2018. On perusal of case file committee observed that PP has appended a judgenment made by Hon'ble High Court of Indore dated 22/07/2019 wherein Hon'ble High Court of Indore has passed an order stating that PP shall obtain EC. On perusal of the judgement it is clear that PP has not obtained EC even after renewal of lease in 2016. Committee after deliberations recommends that case file may be sent to SEIAA as it's a case of violation wherein PP has continued mining even after renewal of lease in 2016 and needs to be delt as per the provisions made for violation cases by MoEF&CC in relevant OMs and notifications.

The case was discussed in 631st SEIAA meeting dated 11.08.20 and it was recorded that……..

As per above observation of 449th SEAC meeting dtd 24.7.2020, it was decided to defer the case for upcoming meeting.

As per observation of 449th SEAC meeting dated 24.07.20, it was found that PP has continued mining even after renewal of lease in 2016 without obtaining prior environmental clearance which seems violation case as per provisions made in OMs and notification of MoEF&CC, GoI. After detail discussion and delebration, it was decided to ask PP to submit chronological details of mining activities with proper justification and legal provisions to consider prior environmental clearance in compliance of Hon'ble High Court of Indore order dated 22/07/2019.

Since PP has not submitted above desired information hence it has been decided to delist the case on the condition that if PP intends to present the case in SEIAA, it will then be relisted for appraisal. Copy to PP and all concerned.

17. **Case No 7430/2020** Prior Environment Clearance for Stone Quarry in an area of 2.02 ha. (25148 cum per annum) (Khasra No. 234), Village - Piparwan, Tehsil - Chitrangi, Dist. Singrauli (MP) by Shri Pankaj Kumar Sharma S/o SHri Manikamna Prasad Singh, Village - Pura, Post - Kachwa Road, Dist. Varanasi, UP

The case was discussed in 640th SEIAA meeting dated 01.10.2020 and it was recorded that…….

This case was recommended in 453rd SEAC meeting dated 28.08.2020 and it was recorded that.....

"----------PP has submitted the response of above quarries same date vide letter dated 28.08.2020, which was placed before the committee and the same found satisfactory. The EMP and other submissions made by the PP were found to be satisfactory and acceptable, hence committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'A':

During the presentation, it was observed from Google earth that 01 more lease having 3.71 ha area of M/s Balaji Stone Works exists within 500m of the proposed mine which forms cluster situation having more than 5.00 ha area of mining lease. After detailed discussion, it was decided to seek clarification from Collector, Singrauli about current status of other mines located within 500 m of proposed mine.

The required information is still awaited from Collector or PP. After discussion, it was decided to delist the case on the condition that if PP intends to present the case in SEIAA it will then be relisted for appraisal. Copy to PP and all concerned.

18. **Case No 6928/2020** Prior Environmental Clearance for Stone Quarry (opencast manual/semi mechanized method) in an area of 4.0 ha. for production capacity of 1800 cum/ year at Khasra No. 1 at Village - Semrakhedi, Tehsil - Deori, Dist. Sagar (MP) by Shri Amit Kumar Jain, H.No. 181, Mahakali Ward, Deori, Dist. Sagar, MP.

The case was discussed in 641st SEIAA meeting dated 03.10.2020 and it was recorded that.....

This case was discussed in 460th SEAC meeting dated 24.09.2020 and it was recorded that.....

---------- The case presented by PP and their consultant wherein it was observed by the committee that in the previous SEAC meeting committee asked PP to submit revised MO certificate as the Mining Officer has mentioned that there are no mines within 500 meters of this mine while on Google map two more mine can be seen hence. Thus for confirmation of facts revised MO certificate was sought. PP vide letter dated NIL submitted revised MO certificate issued vide letter No. 1507 dated 13/06/20 wherein again MO has not clarified the situation about the two other mines located near the lease. Also the issued certificate is the copy of the previous certificate issued vide letter no. 1507 dated 13/11/2019. (The dispatch numbers of both letters are same while the year of issuance is 2019 & 2020 respectively)

The committee after deliberations recommends that this case may be referred back to SEIAA for onward necessary action as MO/PP has not provided the desired information and an advisory may be issued to concerned MO in this case to provide the desired information so that proper decision can be taken by SEAC

As per above observation of SEAC, It was observed to seek information /clarification from Collector, Sagar regarding other mines located within 500 m. periphery of said mine and Mining Officer, Sagar may be directed to submit latest certificate of the same.

Since Clarification from Collector, Sagar or PP is still awaited hence it has been decided to delist the case on the condition that if PP intends to present the case in SEIAA, it will then be relisted for appraisal. Copy to PP and all concerned.

19. **Case No 7637/2020** Prior Environment Clearance for Stone Quarry in an area of 1.150 ha. (17232 cum per annum) (Khasra No. 5, 74), Village - Jhagrauha, Tehsil - Chitrangi, Dist. Singrauli (MP) by Smt. Babita Jaiswal W/o SHri Vijendra Jaiswal, Ward No. 3, Chudi Gali Cinema Road, Obra, Dist. Sonbhadra, UP – 231219

The case was discussed in 644 SEIAA meeting dated 07.10.2020 and it was recorded that.....

This case was recommended in 464th SEAC meeting dated 03.10.2020 and it was recorded that.....

"----------Vide letter dated 28/09/2020 PP has submitted the reply. Committee observed that Tehsildar vide letter dated 24/09/20 has informed that above mine is located on government land and an old excavated pit is in existance where water is accumulated. Committee recommends that since a drain is in existance, PP shall leave 10 meters area both side as non mining area. Further PP submitted that 08 trees will be uprooted thus 80 additional trees shall be planted by PP for which PP has submitted the proposal. The other replies submitted by PP were found to be satisfactory and acceptable, hence committee decided to recommend the case for grant of prior EC subject to the following special conditions in addition to the standard conditions at annexure 'A':

(5) It is noted that in EIA Notification 2006 as per **Para-11 Transferability of Environmental Clearance (EC)** there is a provision of transferring the EC.

Para-11 :- *A prior environmental clearance granted for a specific project or activity to an applicant may be transferred during its validity to another legal person entitled to undertake the project or activity on application by the transferor, or by the transferee with a written "no objection" by the transferor, to, and by the regulatory authority concerned, on the same terms and conditions under which the prior environmental clearance was initially granted, and for the same validity period. No reference to the Expert Appraisal Committee or State Level Expert Appraisal Committee concerned is necessary in such cases.*

In context of above it seems that PP has submitted adequate documents to make the change in the name of PP as per EIA Notification 2006 (Para-11). Hence, prior EC issued DEIAA on 26.09.2018 in the name of **" Sarpanch Gram Panchayat ,** Chouma, **District Shajapur."** is hereby transferred to **M/s Fortune Mines & Minerals, Authorized Person - Shri Ashish Kumar Shroti, Add. H.No, 15, Chattrapati Shivaji Colony, Chuna Bhatti, Kolar Road, Tehhsil Huzur , Bhopal (M.P) " for Sand Quarry in an area of 4.950 ha. for production capacity of 7084 cum/ year at Khasra No. 886 at Village - Chouma, Tehsil - Badodiya, Dist. Shajapur (MP)" on the same terms & conditions and validity period under which the prior environmental clearance was initially granted. All concerned be informed accordingly.**

27. **Case No. 7922/2020** Prior Environmental Clearance for Sand Quarry in an area of 4.50 ha. for production capacity of 21535 cum/ year at Khasra No. 1 at Village - Semlichacha, Tehsil - Polaykalan, Dist. Shajapur (MP) by Sarpanch Gram Panchayat , Semlichacha, Janpad Panchayat Shajapur, District Shajapur. **Regarding transfer of EC in the name of M/s Fortune Mines & Minerals, Authorized Person - Shri Ashish Kumar Shroti, Add. H.No, 15, , Chattrapati Shivaji Colony, Chuna Bhatti, Kolar Road, Tehhsil Huzur , Bhopal (M.P).**,

(1) It was noted that the PP had applied in Form-IM in DEIAA (Case no. 73/2018) for Prior Environmental Clearance Sand Quarry in an area of 4.50 ha. for production capacity of 21535 cum/ year at Khasra No. 1 at Village - Semlichacha, Tehsil - Polaykalan, Dist. Shajapur (MP) by Sarpanch Gram Panchayat , Semlichacha, Janpad Panchayat Shajapur, District Shajapur.

(2) The Prior Environmental Clearance letter was issued **DEIAA vide L.No. 470-502/DEIAA/18 dtd.26.09.2018** in the name of **" Sarpanch Gram Panchayat , Semlichacha, Janpad Panchayat Shajapur, District Shajapur".**

(3) It is noted that PP has requested vide no nil dtd.nil received in SEIAA office 20.11.2020 to make amendment in the Prior EC letter by changing the name of PP of the mining project namely **" M/s Fortune Mines & Minerals, Authorized Person - Shri Ashish Kumar Shroti, Add. H.No, 15, , Chattrapati Shivaji Colony, Chuna Bhatti, Kolar Road, Tehhsil Huzur ,**

(Tanvi Sundriyal)	(R.K. Sharma)	(Rakesh K. Shrivastava)

State Level Expert Appraisal Committee concerned is necessary in such cases.

In context of above it seems that PP has submitted adequate documents to make the change in the name of PP as per EIA Notification 2006 (Para-11). Hence, prior EC issued DEIAA on 26.09.2018 in the name of **" Sarpanch Gram Panchayat , Semlichacha, Janpad Panchayat Shajapur, District Shajapur."** is hereby transferred to **M/s Fortune Mines & Minerals, Authorized Person - Shri Ashish Kumar Shroti, Add. H.No, 15, Chattrapati Shivaji Colony, Chuna Bhatti, Kolar Road, Tehhsil Huzur , Bhopal (M.P ". for Sand Quarry in an area of 4.50 ha. for production capacity of 21535 cum/ year at Khasra No. 1 at Village - Semlichacha, Tehsil - Polaykalan, Dist. Shajapur (MP)." on the same terms & conditions and validity period under which the prior environmental clearance was initially granted. All concerned be informed accordingly.**

28. **Case No. 7959/2020:** Prior Environment Clearance for **Sand Quarry** in an area of 5.0 ha. (5000 cum per annum) (Khasra No. 50), Village - Imlikheda, Tehsil - Chhindwara, Dist. - Chhindwara (MP) by Shri Mukesh Sharma, Owner, 226, AC Sector, Indrapuri, Bhopal (MP) – 462046 – **Regarding transfer of EC in the name of Shri Shishir Khandar, Samashish Bhavan, 18, Malik Complex, Tenament Hotel, Airport Center Plient, Somalwada, Wardha Road, Dist. - Nagpur, Mah. 440025, Email – shishirsandcwa@gmail.com, Mobile – 9407055948.**

The prior EC was issued by DEIAA Dist. – Chhindwara to Shri Mukesh Sharma, Owner, 226, AC Sector, Indrapuri, Bhopal (MP) – 462046 vide Letter No. 88J/DEIAA/2016 dtd. 31.05.2016 for an area of 5.0 ha at khasra no. 50 at Village - Imalikheda, Tehsil - Chhindwara, District - Chhindwara (MP).

Applicant Shri Shishir Khandar, Samashish Bhavan, 18, Malik Complex, Tenament Hotel, Airport Center Plient, Somalwada, Wardha Road, Dist. - Nagpur, Mah. 440025 has submitted the following documents in support of his request:-

1. Application for transfer of Prior EC in favour of Shri Shishir Khandar, Samashish Bhavan, 18, Malik Complex, Tenament Hotel, Airport Center Plient, Somalwada, Wardha Road, Dist. - Nagpur, Mah. 440025.
2. No objection certificate (in form of notarised affidavit) of Shri Manish Palewar, Dist. Mining Officer, Chhindwara, Dist. - Chhindwara on behalf of Shri Mukesh Sharma for transfer of prior EC in the name of Shri Shishir Khandar, Samashish Bhavan, 18, Malik Complex, Tenament Hotel, Airport Center Plient, Somalwada, Wardha Road, Dist. - Nagpur, Mah. 440025.
3. Notarised affidavit of Shri Shishir Khandar, Samashish Bhavan, 18, Malik Complex, Tenament Hotel, Airport Center Plient, Somalwada, Wardha Road, Dist. - Nagpur, Mah. 440025 mentioning that no legal action/ credible action has been initiated against the mine till date and commitment to comply all the standard and specific conditions stipulated in the prior EC issued.
4. Copy of Prior EC issued by DEIAA Dist. – Chhindwara vide letter No. 88J/DEIAA/2016 dtd. 31.05.2016.

5. Copy of Environmental Management Plan of Shri Shishir Khandar, Samashish Bhavan, 18, Malik Complex, Tenament Hotel, Airport Center Plient, Somalwada, Wardha Road, Dist. - Nagpur, Mah. 440025.
6. Copy of Approved Mining Plan with Replenishment Plan of Shri Shishir Khandar, Samashish Bhavan, 18, Malik Complex, Tenament Hotel, Airport Center Plient, Somalwada, Wardha Road, Dist. - Nagpur, Mah. 440025.
7. Lease transfer order issued by Mineral Resource Department to Shri Shishir Khandar, Samashish Bhavan, 18, Malik Complex, Tenament Hotel, Airport Center Plient, Somalwada, Wardha Road, Dist. - Nagpur, Mah. 440025 vide letter No. 4603/132/2020/12/1/ dated 01.10.2020.

8. It is noted that in EIA Notification 2006 as per **Para-11 Transferability of Environmental Clearance (EC)** there is a provision of transferring the EC.

> **Para**-11:- *A prior environmental clearance granted for a specific project or activity to an applicant may be transferred during its validity to another legal person entitled to undertake the project or activity on application by the transferor, or by the transferee with a written "no objection" by the transferor, to, and by the regulatory authority concerned, on the same terms and conditions under which the prior environmental clearance was initially granted, and for the same validity period. No reference to the Expert Appraisal Committee or State Level Expert Appraisal Committee concerned is necessary in such cases.*

In context of above, it seems that PP has submitted adequate documents to make the change in the name of PP as per EIA Notification 2006 (Para-11). Hence, prior EC issued by DEIAA, MP on 31.05.2016 in the name of **"Shri Manish Paliwar, Dist. Mining Officer, Chhindwara, Dist. - Chhindwara (MP)"** is hereby transferred to **"Shri Shishir Khandar, Samashish Bhavan, 18, Malik Complex, Tenament Hotel, Airport Center Plient, Somalwada, Wardha Road, Dist. – Nagpur- 440025"**on the same terms & conditions, production capacity and validity period under which the prior Environmental Clearance was initially granted. **Copy to PP and all concerned.**

29. **Case No. 7960/2020:** Prior Environmental Clearance for **Sand Quarry** in an area of 5.0 ha. (4000 cum per annum) (Khasra No. 439/3), Village - Badiwada, Tehsil - Chand, Dist. - Chhindwara (MP) by Shri Jitendra Kanojiya, Resi. – Village – Shahpura, Tehsil & Dist. – Chhindwara (MP) **– Regarding transfer of EC in the name of Shri Shishir Khandar, Samashish Bhavan, 18, Malik Complex, Tenament Hotel, Airport Center Plient, Somalwada, Wardha Road, Dist. - Nagpur, Mah. 440025, Email – shishirsandcwa@gmail.com, Mobile – 9407055948.**

The prior EC was issued by DEIAA Dist. –Chhindwara to Shri Jitendra Kanojiya, Resi. – Village – Shahpura, Tehsil & Dist.–Chhindwara (MP) vide Letter No. 019/DEIAA/2017 dtd. 28.08.2017 for an area of 5.0 ha at khasra no. 439/3 at Village - Shahpura, Tehsil & Dist. – Chhindwara (MP).

Applicant Shri Shishir Khandar, Samashish Bhavan, 18, Malik Complex, Tenament Hotel, Airport Center Plient, Somalwada, Wardha Road, Dist. - Nagpur, Mah. 440025 has submitted the following documents in support of his request:-

(Tanvi Sundriyal)	(R.K. Sharma)	(Rakesh K. Shrivastava)
Member Secretary	Member	Chairman

1. Application for transfer of Prior EC in favour of Shri Shishir Khandar, Samashish Bhavan, 18, Malik Complex, Tenament Hotel, Airport Center Plient, Somalwada, Wardha Road, Dist. - Nagpur, Mah. 440025.
2. No objection certificate (in form of notarised affidavit) of Shri Manish Palewar, Dist. Mining Officer, Chhindwara, Dist. - Chhindwara on behalf of Shri Jitendra Kanojiya, Resi. – Village – Shahpura, Tehsil & Dist. – Chhindwara (MP).
3. Notarised affidavit of Shri Shishir Khandar, Samashish Bhavan, 18, Malik Complex, Tenament Hotel, Airport Center Plient, Somalwada, Wardha Road, Dist. - Nagpur, Mah. 440025 mentioning that no legal action/ credible action has been initiated against the mine till date and commitment to comply all the standard and specific conditions stipulated in the prior EC issued.
4. Copy of Prior EC issued by DEIAA District–Chhindwara vide letter No. 019/DEIAA/2017 dtd. 28.08.2017.
5. Copy of Environmental Management Plan of Shri Shishir Khandar, Samashish Bhavan, 18, Malik Complex, Tenament Hotel, Airport Center Plient, Somalwada, Wardha Road, Dist. - Nagpur, Mah. 440025.
6. Copy of Approved Mining Plan with Replenishment Plan of Shri Shishir Khandar, Samashish Bhavan, 18, Malik Complex, Tenament Hotel, Airport Center Plient, Somalwada, Wardha Road, Dist. - Nagpur, Mah. 440025.

In above context, it was observed that PP has not submitted the lease transfer order issued by Mineral Resource Department, Govt. of M.P. to PP. Hence, it was decided to ask PP to submit the lease transfer order of said mining lease issued by Mineral Resource Department, Govt. of M.P. in the name of Shri Shishir Khandar, Samashish Bhavan, 18, Malik Complex, Tenament Hotel, Airport Center Plient, Somalwada, Wardha Road, Dist. - Nagpur, Mah. 440025 for considering EC transfer.
