This case was recommended in 440th SEAC meeting dated 06.06.2020 and it was recorded that.....

"-----The case was presented by PP and their consultant wherein during presentation as per the Google image based on the co-ordinates submitted by the PP that part of lease towards NW side is submerged in water, mining of sand would not be possible in this submerged area. Committee after deliberations decided that being it's a case Sand mining with cluster area of > 5.00 ha and according to the latest O.M.F.No. L- 11011/175/2018-IA-II (M) dated 12/12/2018 if a cluster or an individual lease exceeds 5 ha the EIA/EMP be made applicable in the process of grant of prior environmental clearance and thus committee decided to issue standard TOR prescribed by the MoEF&CC may be issued for conducting the EIA. PP submitted that they have applied for B2 category and now considering the situation of cluster they will reapply it for TOR and requested for its withdrawal and submitted the request for the same vide letter dated. Committee considering the request of PP recommends that case may be sent to SEIAA for onward necessary action".

As per above observation of SEAC, it was decided to close the case as withdrawn by PP and ask PP to apply fresh online application for ToR due to the cluster situation. Copy to PP & all concerned.

As per above decision, you are hereby informed that your case is closed as withdrawn by you and you can apply fresh online application for ToR due to the cluster situation.
