Sub: Case No 8632/2021: Prior Environmental Clearance for Stone Quarry (opencast Semi-Mechanized Method) in an area of 1.0 ha. for production capacity of 35002 cum per annum at Khasra No. 183/1, 183/2, Village - Badaura Kalan, Tehsil - Gaurihar, Dist. Chhatarpur (MP) by Shri Dinesh Chandra Mangal S/o Shri Ramniwas Mangal, Kamla Nagar, D-155, A-Subhash Nagar, Dist. Agra, (UP).

The case was discussed in 687th SEIAA meeting dtd 30.09.2021 and it has been recorded that

" The case was recommended in 512th SEAC meeting dated 07.09.2021 and it was recorded that.....

"...During presentation it was observed by the committee that as per Google image based on coordinates provided by PP, the proposed lease is triangulated in shape and one co-ordinate is falling on the existing road on eastern side. This existing road is a shortest connecting road for two villages located on the southern and northern side of the lease. Further it was also observed through Google image that the allotted lease area is mined out from the southern side which can be verified from the previous Google image of February 2019 without obtaining EC indicates violation of EIA Notification, 2006. Committee after deliberation recommends that under above circumstances (indicating environmental sensitivity where proposed lease area is already mined out and adjacent to the village road), this case cannot be considered for grant of EC..."

After detailed discussion, it was decided to accept the recommendation of 512th SEAC meeting dated 07.09.2021 and accordingly the case is hereby closed. Copy to PP and all concerned."

As per above decision, you are informed that your case is hereby Closed.
