**Subject:** Grant of Environmental Clearance (EC) to the proposed Project Activity under the provision of EIA Notification 2006-regarding

Sir/Madam,

This is in reference to your application for Environmental Clearance (EC) in respect of project submitted to the SEIAA vide proposal number SIA/MP/MIN/214998/2021 dated 22 Jun 2021. The particulars of the environmental clearance granted to the project are as below.

1. EC Identification No.	EC21B001MP177752
2. File No.	8572/2021
3. Project Type	New
4. Category	B2
5. Project/Activity including Schedule No.	1(a) Mining of minerals
6. Name of Project	Bamhori Sand Quarry (at Datla Nadi)
7. Name of Company/Organization	M/S VISTA SALES PVT. LTD, AUTHORISED PERSON- SHRI MAHESH KUMAR VERMA
8. Location of Project	Madhya Pradesh
9. TOR Date	N/A

The project details along with terms and conditions are appended herewith from page no 2 onwards.

Date: 16/12/2021

(e-signed)  
**Shriman Shukla**  
**Member Secretary**  
**SEIAA - (Madhya Pradesh)**

*Note: A valid environmental clearance shall be one that has EC identification number & E-Sign generated from PARIVESH. Please quote identification number in all future correspondence.*

*This is a computer generated cover page.*

 and Virtuous Environmental Single-Window Hub)*

Ref: **Proposal No. SIA/MP/MIN/214998/2021 - Case No. 8572/2021** Prior Environmental Clearance for **Sand Quarry** (Opencast Manual Method) in an area of 1.0 ha. for production capacity of 10,000 cum per annum at Khasra No. 250, Village - Bamhori, Tehsil - Dhimar Kheda, Dist. Katni (MP) by M/s. Vista Sales Pvt. Ltd, Authorized Person, Shri Mahesh Kumar Verma, Near Takshshila School, 98, Rachna Nagar, Paras Apartment, Dist. Bhopal, (MP).

This has reference to your letter received in SEIAA office on 12.07.2021 and subsequent letters seeking Prior Environmental Clearance for the above project under the EIA Notification, 2006. The proposal has been appraised as per prescribed procedure in the light of provisions under the EIA Notification, 2006 on the basis of the mandatory documents enclosed with the application viz., the Form - I & II, Appendix-1, DSR, Mining Plan & EMP, the additional clarifications furnished in response to the observations of the State Expert Appraisal Committee (SEAC) and State Environment Impact Assessment Authority (SEIAA) constituted by the competent Authority.

II. There is no National Park/Sanctuary/Biodiversity area within 10 Km radius. There is no human settlement/water body within 500 m. from mining site. There is no forest boundary within 250 m. from mine site. It lies at geographical co-ordinates at latitude 23°22'53.87" to 23°22'55.69"N and longitude 80°20'37.27" to 80°20'25.41"E as per mining plan.

The project has been considered in accordance with the provisions of the EIA notification issued by the Ministry of Environment & Forests vide S.O. 1533 (E), dated 14<sup>th</sup> September 2006.

III. Based on the information submitted, as at Para (II) above and others the State Level Environment Impact Assessment Authority (SEIAA) considered the case in its 691<sup>st</sup> SEIAA meeting dated 23.11.2021 and decided to accept the recommendations of 517<sup>th</sup> SEAC meeting dtd. 07.10.2021.

Hence, Prior Environmental Clearance is granted for Sand Quarry in an area of 1.0 ha. for production capacity of 10,000 cum per annum at Khasra No. 250, Village - Bamhori, Tehsil - Dhimar Kheda, Dist. Katni (MP) to M/s. Vista Sales Pvt. Ltd, Authorized Person, Shri Mahesh Kumar Verma, Near Takshshila School, 98, Rachna Nagar, Paras Apartment, Dist. Bhopal, (MP). As per Govt. of (M.P.) Mineral Resource Department, Bhopal vide Order No 5043/132/2020/12/1 dated 06.07.2021 the validity of lease is up to 30.06.2023 hence, this EC is valid up to 30.06.2023, subject to the following additional specific conditions as recommended by SEIAA & SEAC and subsequent Standard Conditions.

#### A. Additional Specific Conditions

1. The entire lease area should be properly fenced and boundary stones marked at the site.
2. The production capacity shall be limited to the quantity as recommended by SEAC.
3. PP shall ensure that the annual replenishment of sand in the mining lease area is sufficient to sustain the mining operations at levels prescribed in the approved mining plan.
4. No ramp will be allowed within the river basin to transport sand to the other bank. Transportation will be allowed on the bank side where the mineral is being excavated.
5. No in-stream mining shall be allowed. The local authorities should ensure that the mining activity is confined only in the dry portion where sand is exposed.
6. Leaving the submerged area as a non-mining zone as committed in PP.
7. The depth of the pit shall be as per Approved Mining Plan.

9. The mining shall be carried out strictly in accordance with the Sustainable Sand Mining Management Guidelines, 2016 and Enforcement & Monitoring Guidelines for Sand Mining, 2020 issued by the MoEF&CC.
10. PP shall ensure compliance of the direction and provision made for sand mining methodology up to 5 ha. lease area as per the Notification 30.08.2019 issued by MP Mineral Resource Department, GoMP.
11. If the stream is dry, the excavation must not proceed beyond the lowest undisturbed elevation of the stream both which is a function of local hydraulics, hydrology and geomorphology.
12. No Mining shall be carried out during Monsoon season.
13. Alternate transportation routes should be decided in consultation with the local Gram Panchayat.
14. PP shall plant 1200 saplings of at least three years old, for the first year with suitable tree/ herb/shrub species i.e. Amla, Harra, Chirol, Neem, Papaya, Arjun, Bel, Aam, Pipal, Jamun, Paras papal, Neem, Papaya, Iml, Munga, Mahua, Kathal, Kas slip (Chrysopogon zizaniodes), Bamboo (Katang/ Lathi), etc. shall be planted by PP under plantation programme in River Bank, approach road, nearby village under "Ankur Scheme" of Govt. of M.P. in consultation with appropriate authority.
15. Overloading will be strictly prohibited.
16. Water sprinkling will be done on the approach road on the regular basis.
17. PP shall ensure proper implementation of plantation, dust suppression, construction of approach road and maintenance of existing pakka road as per approved Environmental Management Plan. Additional budget provision shall be made as part of EMP.
18. PP must ensure the implementation of following activities with separate budget provisions under CER:-
- ❖ Installation of 03 solar light in govt. middle school at village Bamhori
  - ❖ Development of grass land at govt. land in village Bamhori using local grass /plants spin consultation with gram panchyat.
  - ❖ Distribution masks & sanitizer to the villagers of bamhori & Ghana in consultation with Gram Panchyat due to Covid-19.
  - ❖ Distribution of solar Lanterns and dustbins to nearby villagers.
- PP shall ensure contribution of funds under Jal Jeevan Mission in consultation with Janpad Panchayat and PHED. PP shall give preference to develop/provide appropriate infrastructural facilities in schools or anganwadis of above village. The modification to the above activities can be made with the permission of the district administration and need based activity for the development of nearby villages shall be implemented by PP in consultation with the District Collector and Gram Panchayat.**
19. PP shall submit half yearly compliance report in respect of plantation and CER activity report alongwith photographs of all activities to MP-SEIAA. If PP is failed to upload or submit two consecutive half yearly compliance reports of EC conditions to concerned authority (SEIAA and Regional Office, MoEF&CC, Gol, Bhopal) than prior environmental clearance issued to PP will automatically be treated as cancelled/ revoked as per SEIAA Office Memorandum No. 930/SEIAA/2019 dated 30.05.2019.
20. In case the ownership is changed, both PPs (earlier and new) should immediately apply for transfer of EC in SEIAA. Without transfer of EC, the EC stands in abeyance till the transfer of EC to the new owner is approved by SEIAA.
21. Mining shall be carried out only when there is no flow of river water in the allotted lease area preferably after the month of April every year.
22. A budgetary provision for Environmental management Plan of Rs. 05.20 Lakh as capital and Rs. 2.31 Lakh/year as recurring has proposed by PP.
23. PP shall left 50m setback w.r.t. high tension line from both sides as non-mining zone & no mining operation shall be carried out.
24. District Authority should annually record the deposition of sand in the lease area (at an interval of 100 meters for leases 10 ha or > 10.00 ha and at an interval of 50 meters for leases < 10 ha.) before monsoon & in the last week of September and maintain the records in RL (Reduce Level) Measurement Book. Accordingly authority shall allow lease holder to excavate only the replenished quantity of sand in the subsequent year.

25. The lease boundary should be clearly demarcated at site with the given co-ordinates by pillars. Necessary safety signage & caution boards shall be displayed at mine site.
26. Arrangements for overhead sprinklers with solar pumps / water tankers should be provided for dust suppression at the exit of the lease area and fixed types sprinklers on the evacuation road. PP should maintain a log book wherein daily details of water sprinkling and vehicle movement are recorded.
27. Only registered vehicles/tractor trolleys with GPS which are having the necessary registration and permission for the aforesaid purpose under the Motor Vehicle Act and also insurance coverage for the same shall alone be used for said purpose.
28. Transportation of material shall only be done in covered & PUC certified vehicles with required moisture to avoid fugitive emissions. Transportation of minerals shall not be carried out through forest area without permissions from the competent authority.
29. Mineral evacuation road shall be made Pucca (WBM/black top) by PP.
30. Sand and gravel shall not be extracted up to a distance of 1 kilometer (1Km) from major bridges and highways on both sides, or five times (5x) of the span (x) of a bridge/public civil structure (including water intake points) on up-stream side and ten times (10x) the span of such bridge on down-stream side, subjected to a minimum of 250 meters on the upstream side and 500 meters on the downstream side.
31. Mining depth should be restricted to 3 meters or water level, whichever is less and distance from the bank should be 1/4th of river width and should not be less than 7.5 meters. No in-stream mining is allowed. Established water conveyance channels should not be relocated, straightened, or modified.
32. Demarcation of mining area with pillars and geo-referencing should be done prior to the start of mining.
33. PP shall carry out independent environmental audit atleast once in a year by reputed third party entity and report of such audit be placed on public domain.
34. The mining shall be carried out strictly as per the approved mine plan and in accordance with the Sustainable Sand Mining Management Guidelines, 2016 and Enforcement & Monitoring Guidelines for Sand Mining, 2020 issued by the MoEF&CC ensuring that the annual replenishment of sand in the mining lease area is sufficient to sustain the mining operations at levels prescribed in the mining plan.
35. If the stream is dry, the excavation must not proceed beyond the lowest undisturbed elevation of the stream bottom, which is a function of local hydraulics, hydrology, and geomorphology.
36. After mining is complete, the edge of the pit should be graded to a 2.5:1 slope in the direction of the flow.
37. Necessary consents shall be obtained from MPPCB and the air/water pollution control measures have to be installed as per the recommendation of MPPCB.
38. Appropriate activities shall be taken up for social up-liftment of the area. Funds reserved towards the same shall be utilized through Gram Panchayat/competent authority.
39. Six monthly occupational health surveys of workers shall be carryout and all the workers shall be provided with necessary PPE's. Mandatory facilities such as Rest Shelters, First Aid, Proper Fire Fighting Equipments and Toilets (separate for male & female) shall also be provided for all the mine workers and other staff. Mine's site office, rest shelters etc shall be illuminated and ventilated through solar lights. All these facilities such as rest shelters, site office etc. Shall be removed from site after the expiry of the lease period.
40. A separate budget in EMP & CER shall maintained for development and maintenance of grazing land as per the latest O.M, of MoEF&CC issued vide letter F.No. 22-34/2018-IA. III, dated 16/01/2020 and these details should be provided in Annual Environmental Statement.
41. In case the allocated EMP budget for mitigative measures to control the pollution is not utilized fully, the reason of under utilization of budgetary provisions for EMP should be addressed in annual return.
42. PP shall be responsible for discrepancy (if any) in the submissions made by the PP to SEAC & SEIAA.
43. The amount towards reclamation of the pit and land in MLA shall be carried out through the mining department. The appropriate amount as estimated for the activity by mining department has to be deposited with the Collector to take up the activity after the mine is exhausted.

44. NOC of Gram Panchayat should be obtained for the water requirement and forest department before uprooting any trees in the lease area.
45. The leases which are falling <250 meters of the forest area and PP has obtained approval for the Divisional Level Commissioner committee, all the conditions stipulated by Divisional Level Commissioner committee shall be fulfilled by the PP.
46. Expansion or modernization in the project, entailing capacity addition with change in process and or technology and any change in product - mix in proposed mining unit shall require a fresh Environment Clearance.
47. If it being a case of Temporary Permit (TP), the validity of EC should be only up to the validity of TP and PP has to ensure the execution of closure plan.
48. A separate budget in EMP & CER shall maintained for development and maintenance of grazing land as per the latest O.M dated 16/01/2020.
49. The project proponent shall follow the mitigation measures provided in MoEFCCs Office Memorandum No. Z-11013/57/2014-IA. II (M) dated 29th October 2014, titled "Impact of mining activities on Habitations-issues related to the mining Projects wherein Habitations and villages are the part of mine lease areas or Habitations and villages are surrounded by the mine lease area".
50. Any change in the correspondence address shall be duly intimated to all the regulatory authority within 30 days of such change.
51. A display board with following details of the project is mandatory at the entry to the mine.
- Lease owner's Name, Contact details etc.
  - Mining Lease area of the project (in ha.)
  - Production capacity of the project.
52. Following conditions must be implemented by PP in case of sand mining as per NGT (CZ) order dated 19/10/2020 in OA NO. 66/2020 and SEIAA's instruction vide letter No. 5084 dated 09/12/2020.
- The Licensee must use minimum number of poclains and it should not be more than two in the project site.
  - The District Administration should assess the site for Environmental impact at the end of first year to permit the continuation of the operation.
  - The ultimate working depth shall be 01 m from the present natural river bed level and the thickness of the sand available shall be more than 03 m the proposed quarry site.
  - The sand quarrying shall not be carried out blow the ground water table under any circumstances. In case, the ground water table occurs within the permitted depth at 01 meter, quarrying operation shall be stopped immediately.
  - The sand mining should not disturb in any way the turbidity, velocity and flow pattern of the river water.
  - The mining activity shall be monitored by the Taluk level Force once in a month by conducting physical verification.
  - After closure of the mining, the licensee shall immediately remove all the sheds put up in the quarry and all the equipments used for operation of sand quarry. The roads/pathways shall be leveled to let the river resume its normal course without any artificial obstruction to the extent possible.
  - The mined out pits to be backfilled where warranted and area should be suitable landscaped to prevent environmental degradation.
  - PP shall adhere to the norms regarding extent and depth of quarry as per approved mining plan. The boundary of the quarry shall be properly demarcated by PP.
53. Species such as Khus Slips and Nagar Motha shall be planted on the river banks for bank stabilization and to check soil erosion while on mineral evacuation road & common area in the village through any suitable Govt. agency (such as Van Vikas Nigam / Van Samiti under monitoring and guidance of Forest Range officer with work permission from DFO concerned / Gram Panchayat / Agricultural department or

any other suitable agency having adequate expertise as per the budgetary allocations made in the EMP.

54. Top soil shall be simultaneously used for the plantation within the lease area and no OB/dump shall be stacked outside the lease area. PP should take-up entire plantation activity within initial three years of mining operations and shall maintain them for entire mine life including casualty replacement. PP should also maintain a log book containing annual details of tree plantation and causality replacement and to take adequate precautions so as not to cause any damage to the flora and fauna during mining operations. PP shall explore the possibility for plantation in adjoining forest land in consultation with concerned DFO and commensurate budget shall be transferred for plantation to DFO.
55. Local palatable mixture of annual and perennial grass and fodder tree species shall be planted for grassland/fodder development on degraded forest land through forest department or on other community land available for grassland and fodder development through Gram Panchayat in concerned village and handed over to Gram Panchayat after lease period.
56. During initial three years before onset of monsoon season, minimum 100 saplings or maximum as per submitted plantation scheme and subsequently approved by the SEAC of fodder / native fruit bearing species shall be distributed in nearby villagers to promote plantation and shall be procured from social forestry nursery/ Government Horticulture nursery. This activity shall be carried out under Govt. of Madhya Pradesh "ANKUR YOJNA" by registering individual villagers on "Vayudoot app". Where ever Aushadhi Vatika (Medicinal Garden) is proposed by PP, a minimum of 50 saplings be planted considering 80% survival with proper protection measures in School or Aganwadi premises.
57. Activates proposed under CER should be based upon outcome of public hearing in category for B-1 projects. However in case of B-2 projects, CER shall be proposed based upon local need assessment and Gram Panchayat Annual Action Plan..

#### **B. Standard Conditions**

1. Valid postal address of the PP with e-mail details.
2. No heavy vehicles shall be allowed to enter the river bed.
3. The transporation of the sand from the excavation pits of the leased area to the loading point shall be through trollies (tractor trollies) and not by heavy vehicles.
4. Only registered tractor trollies which are having the necessary registration and permission for the aforesaid purpose under the Motor Vehicle Act and also insurance coverage for the same shall alone be used for the said purpose.
5. The banks on the curve of the river regime should be stabilized by proper bunds and then proper plantation should be carried out. Collector, should monitor so that the sand mining should not disturb the ecology of the region.
6. Mining will be carried out as per the approved Mining Plan. In case of any violation of Mining Plan the Environmental Clearance given by SEIAA will stand cancelled.
7. It shall be ensured that excavation of minor mineral does not disturb or change the underlying soil characteristics of the river bed /basin, where mining is carried out.
8. It shall be ensured that mining does not in any way disturb the turbidity, velocity and flow pattern of the river water.
9. It shall be ensured that there is no fauna dependant on the river bed or areas close to mining for its nesting.
10. Precise mining area will be jointly demarcated at site by officials of Mining/Revenue department prior to mining operations for all proposals under consideration.
11. Parking of vehicles should not be made on public places.
12. Special Measures shall be adopted to prevent the nearby settlements from the impacts of mining activities. Maintenance of roads through which transportation of minor minerals is to be undertaken, shall be carried-out regularly.
13. Measures for prevention and control of soil erosion and management of silt shall be undertaken.
14. The project proponent will ensure necessary protection measures around the mine pit, waste dumps.

14. The project proponent will ensure necessary protection measures around the mine pit, waste dumps.
15. Plantation programme shall be carried out as per EMP. Self sustenance of the vegetation should be ensured. No tree-felling shall be done in the leased area, except only with the permission from competent authority.
16. The vehicles transporting minerals shall be covered with a tarpaulin or other suitable enclosures so that no dust particles / fine matters escape during the course of transportation.
17. Project Proponent shall ensure appropriate arrangement for shelter and drinking water for the mine workers.
18. Persons working in dusty areas shall be provided with protective respiratory devices and they shall also be imparted adequate training and information on safety and health aspects.
19. Dispensary facilities for first-aid shall be provided at site.
20. A copy of the environmental clearance shall be submitted by the Project Proponent to the Heads of the Local Bodies, Panchayat and Municipal Bodies, as applicable, in addition to the relevant officers of the Government
21. The Ministry or any other competent authority may alter/modify the conditions or stipulate any further condition in the interest of environment protection.
22. Concealing factual data or submission of false/fabricated data and failure to comply with any of the conditions mentioned above may result in withdrawal of this clearance and attract action under the provisions of Environment (Protection) Act, 1986.
23. Any appeal against this prior environmental clearance shall lie with the Green Tribunal, if necessary, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.
