

The meeting was conducted on 25th August, 2011 Following members attended the meeting- Shri K.P. Nyati, Prof. V. Subramanian, Dr Mohini Saxena, Shri A.P. Srivastava and Shri R.K. Jain. Shri S.C. Jain, Chairman, SEAC could not attend the meeting due to some unavoidable reasons. Prof. V. Subramanian was to Chair the meeting.

1. Opening Remarks of the Chairperson

The Chairperson welcomed all the members of the Committee and thereafter agenda items were taken up for deliberations.

2. Consideration of the Projects

06 Cases (for TOR / EIA deliberations) were invited.

3. Committee examined the responses been submitted by the project proponents for the various queries raised by the SEIAA and SEAC. The proceedings of the query responses are detailed out as annexure-1.

Deliberations:

1. Case No. 604/2010 M/s Khatri Minerals & Mining Co. 365, South Motinalla, Hanumantal, Jabalpur (M.P.)-482003 Iron Ore Beneficiation Plant at Khasra No. 225/1, 227/3, Vill.-Siluajhansi, Teh.- Sihora, Distt.-Jabalpur (M.P.). Capa.- 70000 TPA For ToR Env. Consultant: Creative Enviro Services Bhopal

Neither the PP nor his representative was present during the deliberation to help in understanding the documents, & discrepancies etc. hence committee decided to call the PP in the meeting as per turn.

2. Case No. 607/2010 M/s IVRCL Infrastructure & Project Ltd, Office Camp, Village-gyanpura, Jhabua Raod Dhar(M.P) 476001 Mining Unit Khasra no.62/1/1 at village- Rangwasa Teh; Dapalpur, Distt.- Indore (M.P) Proposed Cap.- 12 Lac Cubic Meter/Annum. Produced-Basalt Rock, Total land area – 41.1 ha. Lease area – 37.5 ha. For ToR Env. Consultant- In-situ Envirocare.

This being a mining project with lease area between 50 ha to 5 ha is listed at S.N. 1(a) of schedule under 'B' Category of EIA Notification, 2006 and is to be appraised by SEAC. This is a case of a new mine yet to open. The case has been submitted for

Member Secretary

TOR approval. While scrutiny of the case it was found that the proponent has submitted only temporary permission for mining issued by the collector Indore vide letter dated 14/05/2010. It was also observed that according to the permission letter the validity of the permission is only up to 02/12/2010 which has already expired. Mining lease and mining scheme have not been submitted by the proponent. Committee is of the opinion that the PP may be asked to submit appropriate ownership document and valid lease documents along with the mining scheme clearly showing the location of proposed mines & surrounding salient features, method of mining and post mining plan. Thereafter, the case may be presented to SEAC as per turn.

3. Case No. 608/2010 Shri Jagjit Singh Walia Partner, M/S Karan Minerals 188, Rizwan Bagh, Lalghati, Bhopal (M.P) Karmai Soapstone and Marble Mine Khasra No. 815/1& 815/2 at village-karmai Teh: Majholi Distt. Sidhi (M.P) Area-15.61 ha, Capa: Marble Block -4000 cum/Annum, Soap Stone-250 TPA **For ToR Env. Consultant- Not disclosed**

Neither the PP nor his representatives were present during the deliberation to help in understanding the documents & discrepancies etc. hence the committee decided to call the PP in one of the meetings as per turn.

4. Case No. 620/2011 Mr. Vivekananda Biswal, E.D. STI Power India Pvt.Ltd. 177, Arun Vihar, Sector- 29, Noida (U.P.) 201303 430 MW Guna Combined Cycle Power Plant, Village- Chainpura, Tehsil – Raghogarh, Distt.- Guna (M.P.) For ToR Env. Consultant: Chola MS Services Limited, Chennai

Neither the PP nor his representatives were present during the deliberation to help in understanding the documents & discrepancies etc. hence the committee decided to call the PP in one of the meetings as per turn.

5. Case No. 628/2011 Sh. Harish Moolchandani, Director M/s Paras Life Styles

Annexure-1

Discussion on the query reply

Cases Returned from SEIAA for reconsideration

1. SEIAA Query in 43rd SEIAA meeting held on 10th December, 2011

Case No 203/2008 - M/s Dolphin marbles Pvt. Ltd, New Bus stand, Katni M.P, Marble mine 6.02 ha. at Kachhargaon, TehBahuriband, Katni M.P.

The case has been dealt in detail earlier by the SEAC in its meetings dated 23/10/2009 & 28/04/2010 & was recommended to SEIAA for grant of EC. The case was reverted by SEIAA for consideration on following issues:

Forest Deptt. NOC submitted is a hand written photocopy. It does not specify the distance of mining lease area from the protected areas under Wildlife Protection Act 1972. It is expected that an attested copy of the Forest Deptt. NOC should be submitted. After receiving reply to the said query of SEIAA from PP, the case was sent back to SEIAA by SEAC in its meeting dated 29/09/2010.

Again through its meeting dated 10/12/10 SEIAA returned the case once again for clarification on following issues:

- Mining lease documents and ownership documents
- Summary of EIA report.

Requisite documents have been submitted by the Project Proponent and SEAC have examined the submissions technically.

The case is again forwarded to SEIAA for grant of prior EC.

2. SEIAA Query in 43rd SEIAA meeting held on 10th December, 2010

Case No 54/2008 - M/s Savitri Minerals Pathak ward, Katni, M.P. Laterite and Bauxite mine 8.094 ha. at Village Tikaria,

The case has been dealt in detail earlier by the SEAC in its meetings dated 21/08/2009 & 23/09/2009 & was recommended to SEIAA for grant of EC. The case was reverted by SEIAA for through its 22nd Meeting held on 22nd October, 2009 for reconsideration on following issues:

Forest Deptt. NOC does not specify the distance of protected areas under Wildlife Protection Act 1972, from the mining lease area. After receiving clarification on the said issues SEAC returned the case to SEIAA through its meeting dated 29/09/2010.

(V. Subramanian)
Acting Chairman SEAC

(Dr Mohini Saxena)
Member SEAC

(K.P. Nyati)

(A.P. Srivastava)
Member SEAC

(R.K. Jain)
Member Secretary

Again the case has been returned to SEAC for reconsideration on following issues:

- Copies of the Mining lease documents and ownership documents
- The summary of EIA report

PP has submitted the requisite documents. The summary of EIA report submitted by the PP has been examined by the SEAC.

Case is again forwarded to SEIAA for grant of prior EC.

3. SEIAA Query in 43rd SEIAA meeting held on 10th December, 2011

Case No 124/2008 - Shri Pradeep Jain, C/o Jain Medical store, Main market, Tendukheda, arsinghpur, M.P. Dolomite & Limestone mine 6.817 ha., Village Kanheri, TehTendukheda, DisttNarsingpurM.P.

The above case was recommended by SEAC for grant of Prior Environmental Clearance in its meeting dated 29/09/10 & again in the meeting dated 30/10/10.

The case was returned by the SEIAA second time through its meeting dated 10/12/2011, to address the following issues:

- Summary EIA report.
- Notification and the specific distance from the protected areas under Wildlife Protection Act.
- It was also noticed that the Mining Lease area as per Form I is 7.626 Ha. While 6.817 Ha. as per Mining Lease document.

PP has submitted the reply to above queries. SEAC has examined the EIA summary. As per the documents submitted by the PP duly verified from the competent authority the distance of Noradehi sanctuary is 40 Km from the site. Regarding mining lease area please refer to the minutes of SEAC meeting dated 25/06/2009 where by amended TOR for the mining lease area of 6.817 Ha has been issued to the PP based on change in the mining lease area.

Again the case is forwarded to SEIAA for grant of prior EC.

4. SEIAA Query - 23rd SEIAA Meeting held on 29th October, 2009

Case No. 184/2008 Sh. Ghanshyam Das Mahawar, 95, Cantt.Sadar, Jabalpur, Distt. – Jabalpur (M.P.) Fireclay, Laterite & silica sand mine 8.00 hact.at vill-Pindari, Teh-Dhimarkhera, Katni M.P.

SEIAA in its meeting dated 29/10/2009 returned the case to SEAC stating that a photo copy of the Forest Deptt. NOC has been submitted, instead of an attested/original

**(V. Subramanian)

Member SEAC**

**(A.P. Srivastava)
Member SEAC**

**(R.K. Jain)
Member Secretary**

one. It also does not specify the distance of protected areas under Wildlife Protection Act 1972, from the mining lease area.

In this context Letter received from DFO Katni dated -25/10/2010, stating that-

- A part of the proposed site is near the proposed Orange forest hence **DFO has recommended not to allow any mining presently.**
- Distance of forest boundary is reported to be 250 meters and distance of National Park Bandhavgarh is reported to be 150 Km.

Hence SEAC is forwarding the case for grant of prior EC with following recommendation:

DFO may be asked to clarify the status of land also collector may asked to comment on the issue as lease has been issued by the Collector in coordination with the DFO.

5. SEIAA Query – 42nd SEIAA Meeting held on 13/08/2010

Case No. 63/2008 RamPrakash Kataria Khaiber line, Madhav Nagar, Katni M.P., Fireclay and laterite mines 24.00 ha. Village Imaliya Teh. Murwada, Katni M.P.

SEIAA in its meeting dated 13/08/2010 returned the case to SEAC stating that a revised NOC has to be submitted clearly mentioning the distances of forest boundary and the protected areas under Wild Life Protection Act.

Copy of NOC from DFO Katni has been submitted by the PP mentioning the distance of mining lease area from Bandhavgarh National Park (45 Km). DFO has provided clear NOC for the project.

The case is again forwarded to SEIAA for grant of prior EC.

6. SEIAA Query – 46th SEIAA Meeting held on 12/01/2011

Case No. 251/2008 M/s Balasore Alloys ltd. Balgopalpur, Balasore, Orissa

Jarah-Motigaon Manganese ore mines 11.766 ha. village Jarah, Mohgaon, Teh- Katganga, Distt- Balaghat M.P

SEAC has dealt the case in detail in its 63rd meeting dated 30/08/2010 & 68th meeting dated 30/10/2010. (Copy of minutes enclosed.). The case was returned by the SEIAA through the meeting dated 12/01/2011, stating that the PP has to submit revised DMP and EMP also the forest NOC did not addressed the distances of forest boundary & national park from the site. In this regard following documents were placed before the SEAC in this meeting:

(V. Subramanian)
Acting Chairman SEAC

(Dr Mohini Saxena)
Member SEAC

(K.P. Nyati)
Member SEAC

(A.P. Srivastava)
Member SEAC

(R.K. Jain)
Member Secretary

- NOC from DFO Balaghat has been received stating the distance of forest boundary from the project site is more than 1 Km and the Pench National Park is 35 Km from the project site.
- Revised Disaster Management Plan & EMP has been submitted by the PP. The same has been examined by the SEAC and appears to be satisfactory.

The case is again forwarded to SEIAA for grant of prior

EC.

7. SEIAA Query – 48th SEIAA Meeting held on 05/022011

Case No. 491/2009 - Collage group Khaneja Properties Pvt. Ltd, 56-58, Community Centre, East of Kailash, New Delhi, - Proposed residential development of Khasra no. 552/2, 527/2, 553/1 at village Bairagarh, Chichli, Kolar road, Bhopal-M.P.

The case has been dealt in detail covering all the environmental issues in the 47th Meeting dated 29/01/2010 & 51st Meeting dated 23/03/2010 and finally the case was recommended to SEIAA for grant of prior EC in 63rd Meeting dated 30/08/10 as per the provisions of EIA Notification. The case was returned to SEAC for detailed recommendations. After review of the case it is again forwarded to SEIAA for grant of prior EC. subject to the following specific conditions:

- State of Art technology as approved by CPCB has to be adopted for treatment of sewage.
- STP has to be installed along with other activities. Part of the treated waste water shall be recycled in flushes through dual plumbing.
- Municipal Solid Waste generated from the colony shall be collected segregated and transported to the designated site for disposal.
- MoU has to be signed with competent Authority for disposal of Municipal Solid Waste
- PP has to strictly follow the directions / guidelines issued by MoEF, CPCB and other Govt. Agencies from time to time.
- Green Building Concepts shall have to be followed while execution of the project.
- Provisions for storing of solid waste expected to generate during construction phase have to be made to avoid any accidents at site.
- Top-soil excavated during land preparation shall be conserved and used in horticulture etc.
- It is suggested to use raw mix with fly ash up to 35 %.

(V. Subramanian)
Acting Chairman SEAC

(Dr Mohini Saxena)
Member SEAC

(K.P. Nyati)
Member SEAC

(A.P. Srivastava)
Member SEAC

(R.K. Jain)

- No plan for disposal of excess treated waste water has been given in the report, hence PP is required to sign a MoU with users who can lift the excess treated waste water from the colony.
- Registered Society shall be formed by the PP before leaving the site. All papers related to environmental permissions shall also be transferred in name of the society it would be the responsibility of the society to abide with the environmental legislations applicable.
- Hazardous waste (used oil) expected to generate from the DG sets shall be handled as per the provisions of hazardous Waste Rules.
- DG Set norms as laid down by the CPCB shall be followed by the Operators.
- Green belt and green area shall be developed as per the plan submitted along with construction activities.
- Solar water heaters shall be installed on every block with adequate capacity. Street lights with suitable solar panels with provision of maintenance contract should be provided.
- Roof water harvesting system with appropriate collection pits shall be constructed. Pits shall be designed as per the norms laid down by MoEF. Overflow of pits shall be connected to storm water drainage system.
- In case of further expansion of project the builder shall not execute any sale deeds / agreements without obtaining prior environmental clearance. Any advertisement pertaining to sale of any type of property should address the status of prior environmental clearance and the terms and conditions laid down in the same.

8. SEIAA Query in 43rd SEIAA meeting held on 10th December, 2010

Case No.271/2009 M/s Shree Ganesh Acid Chem (P) Ltd. Ward No1, Mishra Nagar, Waraseoni, DisttBalaghat M. P. Borikheda manganese deposit 5.977 hact. at village Borikehda, TehKatangi, DisttBalaghat M.P

The case was reverted by SEIAA for consideration on following issues:

- *File does not contain the ownership of land document and a summary EIA report mentioned at Appendix IIIA of EIA Notification.*
- *Similarly the specific distance of Protected Area under Wild Life Protection Act has also not been mentioned.*

PP has submitted all the requisite information with supporting documents the case is again forwarded to SEIAA for grant of prior EC.

9. SEIAA Query in 46th SEIAA meeting held on 12th January, 2011

Case No.81/2008 Shri Prasenjit Singh S/o Shri Yashwant Singh R/o 501, Hawaii Pacific Enclave near main gate IIT, Powai, Mumbai- 400079 (MS) Limestone 8.068 Ha. Village Piparhat, TehMaihar, Distt Satna M. P.] [Old Lessee- Smt Susheela Singh Satna,

The case was reverted by SEIAA for consideration on following issues:

- *Environment Management Plan, Disaster Management Plan and Environment Monitoring Plan is very generalized.*
- *Secondly the SEAC has not expressed their opinion on any such issue.*

In response to above queries PP has submitted following:

- Revised Environment Management Plan, Disaster Management Plan and Environment Monitoring Plan have been submitted.

Regarding opinion of SEAC it is stated that the case was dealt in detail by the SEAC in its 56th meeting dated 25/05/10 and 69th meeting dated 15/11/10 before final recommendation for issue of prior EC. Nevertheless the revised documents as submitted by the PP have been examined and found satisfactory. Hence the case is again forwarded to SEIAA for grant of prior EC.

10. SEIAA Query in 46th SEIAA meeting held on 12th January, 2011

Case No. 93/2008- Ku. Rani Ayodhya Singh, 6, Usha Colony, Laskar, Gwalior, (M.P.) - Iron ore mine, Village- Panihar, Distt-Gwalior 20, 235 ha., Khasra No.1262

Case was dealt in detail by the SEAC in its 54th meeting dated 28/4/10, 48th meeting dated 22/02/10 and 49th meeting dated 23/02/2010. Finally the case was forwarded to SEIAA with recommendation for issue of prior EC in the 68th SEAC meeting dated 30/10/2010. (Copy of minutes enclosed). The case was returned by the SEIAA for submission of revised DMP & EMP and forest NOC stating distance of forest boundary.

In this regard reply submitted by the PP along with the supporting documents was placed before the SEAC in the meeting. After examination of the case it was observed that the letter mentioned in the minutes of SEIAA has not been issued by

the DFO for this case. PP has already submitted a letter issued by DFO Gwalior mentioning the status of proposed site with respect to its distances from forest boundary and the sanctuary.

PP has submitted satisfactory reply to the above queries committee decided to recommend the case to SEIAA for grant of prior EC incorporating following specific conditions:

- Provision for Medical First –aid for the mine workers has to be made at site. A dedicated vehicle to carry the seriously injured mine workers up to the medical facility.
- Records of regular health check-ups have to be maintained at site.
- All wastes being generated from any activity at mine site have to be managed & handled as per the provisions of the respective rules.
- Proponent shall obtain all mandatory permissions such as Air / Water Consents, Authorization under the provisions of various environmental laws prior to operations.
- Plantation work in the 33% of the total land area has to be taken up simultaneously with mining operations. Green belt around the mining site should be completed before mining operation.

11. SEIAA Query in 43rd SEIAA meeting held on 10th December, 2010

Case No. 476/2009 Shri Rajendra Krishna Kusmariya S/o Shri Ramkrishna Kusmariya, vill. & post Sakor, Teh- Hata, Distt- Damoh-M.P. Dhurkheda & Puraina Kanti Lime stone deposit 15-546 at Dhurkheda & Puraina Katni, Teh- Hata, Distt- Damoh-M.P.

The case was returned by the SEIAA with following queries:

- Mining Lease document, ownership document
- Summary EIA report mentioned

The case is again forwarded to SEIAA for grant of prior EC.

12. SEIAA Query in 35th SEIAA meeting held on 12th May, 2010

Case No. 160/2008 M/s Kamta Nath Stone crusher Prop.Nthuram Jatav, Bhind M.P., Stone Quarry Lease, 20,000 MTPA stone 42.63 ha. VillDang TehGohad, Distt.Bhind M.P.

The case was returned by the Authority on following grounds:

Member Secretary

Complaint of Shri Jatiram and other on 5/3/2010 to the Collector stating that no. of temples is located on the various Khasras of the mining lease. The proposed blasting activity may be dangerous to the villagers and animals.

In response to the above query Following has been submitted by the PP:

- NOC from Archeology Department has been submitted by the PP. The NOC has been given for mining in Khasra no. 516, 518, 519, 631, 707, 739, 742, 743, 744, 745, 746, 750, 752, 769, 770, 772, 773 & 774 only.
- Commitment with an Affidavit to carry out mining operations in accordance to the conditions laid down in the letter of Archeology Deptt. Also PP has submitted that the mine is being operated by the Cooperative Society and closure of mine has resulted in severe unemployment problem in the region.
- PP is also committed for not carrying out any blasting operations in mining.

In view of the above SEAC decided to recommend the case to SEIAA for grant of prior Environmental Clearance.

13. SEIAA Query in 35th SEIAA meeting held on 12th May, 2010

Case No. 161/2008 - M/s Kamadigiri stone crusher Udyog, Brij Kishore Sharma, Bhind M.P. Stone Quarry Lease 20,000 MTPA stone mine 43.0 ha., Vill.- Dang, Teh.-Gohad, Dist. - tBhind M.P.,

The case was returned by the Authority on following grounds:

Complaint of Shri Lokendra Singh and other on 5/3/2010 to the Collector stating that a temple and school building is situated in Khasra no 824 of the mining lease. The proposed blasting activity may be dangerous to the villagers and animals.

In response to the above query Following has been submitted by the PP:

- NOC from Archeology Department has been submitted by the PP. The NOC has been given for mining in Khasra no. 832, 853, 854, 855, 856, 857, 858, 859, 860, 862, 864 & 867 only.
- PP has submitted commitment to carry out mining operations in accordance to the conditions laid down in the letter of Archeology Deptt. Also PP has submitted that the mine is being operated by the Cooperative Society and closure of mine resulted in severe unemployment problem in the region.

In view of the above SEAC decided to recommend the case to SEIAA for grant of prior Environmental Clearance after obtaining the commitment from PP on an Affidavit.

14. SEIAA Query in 46th SEIAA meeting held on 12th January, 2011

Case No.171/2008 M/s Dargawan Quarts Deposit, Near Chhoti Devi Temple, Tikamgarh M.P. Quart Deposit mine 12.0 ha at Dargawan Teh: Tikamgarh, Distt Tikamgarh M.P.

The case was sent back to SEAC through its meeting dated 12/01/2011 with following queries:

- *Environment Management Plan, Disaster Management Plan and Environment Monitoring Plan is very generalized.*
- *Secondly the SEAC has not expressed their opinion on any such issue.*

Submission:

- Revised Environment Management Plan, Disaster Management Plan and Environment Monitoring Plan have been submitted.
- Although the Case was dealt in detail by the SEAC in its 35th meeting dated 22/09/09 and 47th meeting dated 29/01/10 and 68th SEAC meeting dated 30/10/2010, SEAC has examined the submitted documents.

Hence the case is recommended to SEIAA for grant of prior Environmental Clearance with following specific terms and conditions:

- All CSR activities shall be taken up prior to operation of mine as per the plan submitted by the PP.
- Use of solar energy in the mine premises shall be taken up along with the mine development activities.
- Regular air monitoring shall be carried out in at least 5 Km radius around the mining lease area.
- Records of regular health check-up of the mine workers shall be kept at site.
- Provision of Firstaid medical facility has to be made at site for the mine workers.
- Provision of dedicated vehicle has to be kept to carry the seriously injured mine workers to the medical facility.
- Provision of garland drains around the OB dumps has to be made.
- EMP has to be implemented and the records to be submitted with other compliances and should be made available to the inspecting authorities in following format:

SN	Type of Impact	Impact zones (direction specific)	Management Plan taken up to rectify the impact	Period of implementation with date of start and completion	Responsible person for implementation
----	----------------	-----------------------------------	--	--	---------------------------------------

(A.P. Srivastava)
Member SEAC

(R.K. Jain)
Member Secretary

- OB should be stabilized with appropriate angle of repose & height as per mining plan.
- Green area has to be developed along with the other activities as per the plan submitted.
- Water reused from the settling tank has to be analysed before any domestic use.

Reply to the Queries raised by SEAC

15. SEAC Query 67th meeting dated 29/10/2010

Case No. 66/2008 M/s Associate lime Co. Mission Chowk, Katni, M.P.

Limestone mine 11.83 ha. village Nanhwara Teh. Murwara, Katni M.P.

The case was discussed in SEAC meeting dated 29/10/2010 and PP was asked to submit reply to the following queries along with the supporting documents:

- Details of CSR activities with budgetary provision to be submitted; a commitment has to be submitted that the funds shall be spent through Gram Panchayat.
- Plantation scheme with provision to complete the desired plantation in 33% of total lease area within a period of 08 years. Scheme should clearly indicate the species of plants to be planted. At least 2000 plants per Hectare should be planted.
- NOC from Gram Sabha for mining.
- Quantity of water required has to be submitted along with the source of the same. Capacity of the existing pits and the quantity of stored water in these pits has to be submitted as per the discussion in the meeting.
- Location of OB area in the conceptual plan to be submitted.

PP has submitted satisfactory reply to the above queries. The case is forwarded to SEIAA for grant of prior EC after obtaining NOC from Gram Sabha for mining from the concerned Gram Sabha.

16. SEAC Query 67th meeting dated 29/10/2010

Case No. 155/2008 Kwaliti Mineral Behind Milan Hall, Habib Nagar, Teka, Nagpur, M H Dolomite mine 10.00 hect. Survey No 74, Vill- Bichwabaggu. Teh- Sounser, Distt. Chhindwara M.P.

 - *Compliance of TOR.*

PP has submitted satisfactory reply to the above queries. The case is forwarded to SEIAA for grant of prior EC after obtaining following information /documents:

- NOC from Gram Sabha for mining yet to be submitted

20. SEAC Query 61st meeting dated 29/07/2010

Case No. 270/2009 Shri Ganesh Acid Chemical (P) Ltd., Ward No.-1, Mishra Nagar, Waraseoni, Distt-Balaghat (M.P.) Katanghari manganese deposit 6.229 hact. at village Katanghari Teh- Lalburra, Distt-Balaghat-(M.P.).

The case was presented before the committee in the meeting dated 29/07/2010 whereby committee has asked the PP to submit reply to the following queries along with the supporting documents:

1. *Declaration from PP regarding use of authentic data has to be furnished.*
2. *Commitment on affidavit from the PP on public hearing issue.*
3. *The precise distances of the villages located within 2 Km area around the mining site have to be reported in a to-the-scale map.*
4. *Latest NOC from Forest Deptt issued by the Competent Authority has to be submitted as per the following directions:*
 - *It should be submitted either in original or as an attested copy.*
 - *It should clearly state the mining lease area stating name of village, Tehsil, Distt. Khasra no. and Khasra sub divisions etc.*
 - *It should clearly state the distance of mining lease area from the forest boundary.*
 - *It should also indicate the distance of mining lease area from the protected areas under Wildlife Protection Act, 1972.*
5. *NOC from Gram Sabha to be furnished.*
6. *Compliance of TOR.*
7. *Location of OB area, plantation area (33% of the total lease area) in lay out to be submitted.*
8. *Leachate analyses of OB to be submitted.*
9. *Summary of EMP with budgetary provision to be submitted.*

Reply received from the PP was placed before the committee. It was observed that the PP has submitted the requisite information. Following discrepancies were found in the NOC's granted from Forest department and Gram Sabha:

- Latest NOC from Forest Deptt issued by the Competent Authority – Two letters have been received with different recommendation. Matter to be resolved from the concerned DFO and Collector as lease has been issued by the Collector in coordination with the DFO.
- Instead of NOC from Gram Sabha PP has submitted NOC on Gram Panchayat letter head with signature of Secretary only.
Committee decided to clarify the matter from PP and the concerned agencies.

21. SEAC Query 76th meeting dated 07/01/2011

Case No. 541/2010 M/s Maihar Cement (A Div of Century Textile & Industries Ltd) Maihar Cement Complex, Sarla Nagar, Maihar Distt Satna 485772 (M.P) Captive Thermal Power Plant- Enhanced Production capacity from 50 MW to 60 MW at M/s Maihar Cement (A Div of Century Textile & Industries Ltd) Maihar Cement Complex, Sarla Nagar, Maihar Distt Satna 485772 (M.P)

This being a Thermal Power Plant with production capacity of < 500 MW (based on coal) is listed at S.N. 1(d) of schedule under 'B' Category of EIA Notification, 2006 and is to be appraised by SEAC. The applicant presented the salient features of the project along with the EIA/EMP. Information pertaining to the above project was examined by the committee. After discussion on the project it was revealed that:

This is a case of production of power to the tune of 60.0 MW at existing Cement Plant. Industry has planned to generate power for captive use from coal. The site is located in Maihar Cement Complex, Sarla Nagar, Maihar Distt Satna. Submissions and the presentation made by the PP and his Consultant reveals following information on the project:

Production Capacity 60 MW, Project cost Rs 25000 Lac, Fuel Coal – 866 TPD, Water Req 700 KLD, Source of Water Mine pit water, Stack height 86 meters, Ash generation 364 TPD- 100 % shall be used in-house in cement industry.

The case was presented before the committee in the meeting dated 16/11/2010, 13/12/2010 and 07/01/2011.

PP has submitted the satisfactory response to queries raised by the committee along with the requisite information with supporting documents hence case

recommended for grant of prior Environmental Clearance, with following specific terms & conditions:

1. Coal proposed to be used should as per the quality for which confirmation letter has been submitted (ash content : not more than 15%, Sulphur: not more than 1%.
2. The height of stack shall be 86 meters.
3. Only mine pit water shall be used in the power plant, ground water or any other source of water shall not be used.
4. Total ash generated in the plant shall be used in-house in the cement industry.
5. Adequate green area shall be developed as per the plan submitted.
6. Fly ash evacuation should be carried out as per the fly-ash notification.
7. Risk assessment should be carried out periodically.

22. SEAC Query 74th meeting dated 05/01/2011

Case No. 320/2009 The Proponent M/s Sanghi Energy Ltd. 625, Ansal Chamber – 11,6, Bhikaji Cama Palace, New Delhi – 110066 - 3 x 135 M.W. Thermal Power project Stage-I at Village Bhadanpur Teh-Maihar, Distt-Satna-M.P.

The case was presented before the committee in the meeting dated 05/01/2011 whereby committee has asked the PP to submit reply to the following queries along with the supporting documents:

- *During TOR presentation land requirement for the project was reported to be 470.76 Ha which seems to be appropriate, however in the EIA/EMP presentation it was reported to be just 133.981 ha and justification for this anomaly with land ownership documents to be submitted.*
- *Documents pertaining to firm Coal linkage /MoU with coal suppliers have not been submitted by the PP in accordance to the MoEF Circular dated 01/11/2010.*
- *Water supply- Firm commitment and clear permissions from the concerned authorities for supply of requisite quantity of water to be submitted.*
- *Exact distance of the plant boundary and the stack from the highway to be reported.*
- *Height of the proposed common stack to be revised and submitted.*
- *Agreement with cement industries for ash utilization to be submitted.*

exceeding 34 %, accordingly provisions have to be made if the proposed unit falls in such an area..

- Mode of transport of coal up to the industry along with the route on a map has to be furnished.
- Ambient Air Quality monitoring has to be carried out in accordance to the notification dated 16/11/09.
- NOC from local authority to be furnished.
- Permission for drawal of water.
- All chemical analyses report from approved laboratory in original format. The chemical analyses should incorporate method of analyses, instruments used and the details of standards used. The date and time of sampling should also be mentioned in the report.
- Monitoring has to taken up as per the norms using appropriate air/water quality modeling, based on meteorological data (wind-rose) of the region.
- EMP should separately summarize the impacts, impact zones and the mitigations for Air, Water, Noise & Land Environment as per the following format:

SN	Expected Impact	Impact zones direction specific	Management Plan	Responsible person for implementation

- Plantation in at least 33% of the total area has to be ensured; accordingly plan has to be submitted with EIA.
- Any litigation pending against the industry should be addressed appropriately.
- Use of Solar energy for utilities has to be explored and implemented.
- The EIA should be prepared based on model TOR for appraisal of mining projects issued by MoEF, Delhi.
- Summary of EIA report has to be furnished separately with the final detailed EIA.
- NOC from forest department mentioning distances from forest boundaries and other sensitive area.
- Quality of coal has to be checked for ash-content, heavy metals and sulphur contents.
- Erecting of Chimney has to be planned as away as possible from the road.
- In view of proximity of site with the state highway the air pollution control measures proposed for the project should ensure that particulate matter from

source should not exceed 25 mg/Nm³, accordingly proposal has to be submitted.

- Concrete plan for management of fly ash and bottom ash has to be submitted with EIA as per fly-ash Notification dated 19/09/97.
- The company should designate suitable qualified and experienced employee with environment qualification to handle EIA & EMP activities.

24. SEAC Query 56th meeting dated 25/05/2010

Case No. 543/2010 - Mr. Umesh Linani, Director, M/s Lifestyle Infratech Ovt. Limited 55, Shanti Niketan, Near Bombay Hospital, Indore(M.P.) - High rise residential group housing Khasara no. 71/1(part), 71/2, 104, 105, 106/1, 106/2, 107, 108, 109/1, 109/2, 110, 111, 112/1, 112/2, 128(part) at village- Nipania, Distt. Indore

The case was presented before the committee in the meeting dated 25/05/2010, whereby committee has asked the PP to submit reply to the following queries along with the supporting documents:

1. *The land ownership documents submitted by the PP reveals that still complete land has not been transferred in the name of M/s Life Style Infra-tech (P) Ltd. Hence PP is required to submit "Wrin Pustika" and other supporting documents showing final & complete procurement of the land proposed for the project.*
2. *Conceptual plan showing the locations of proposed- STP, Water re-charging pits, Plantation and proposed bore-wells.*
3. *Detailed design & drawing of STP.*
4. *Permission from CGWA for abstraction of water (fresh water- 56l KLD and water required for Construction- 70 KLD).*
5. *Details of the plan for disposal of 200 KLD treated sewage. Catchments of the area.*
6. *Details for disposal of MSW and agreement with Municipal Corporation.*
7. *Plan for disposal of sludge to be furnished.*
8. *A School is reported at 300 meters from the site; hence PP should give concrete plan to protect the School from the disturbances that may occur due to construction activities.*
9. *Map on lay out showing plantation in at least 33% of total plot area.*
10. *Disclosure of Environmental Consultant and declaration from PP regarding use of authentic data has to be furnished.*
11. *Commitment to follow ECBC guidelines.*

Project proponent has submitted reply to most of the queries. However following points needs further clarification: The land ownership documents and Wrin Pustika for only 0.908 Ha (0.560 Ha + 0.348 Ha) have been submitted by the PP documents pertaining to complete land procurement is yet to be submitted.

It was decided in the 56th meeting PP has to make a presentation on the submitted reply and submit all needed. Hence PP may be called for presentation in the **meeting scheduled for October 2011.**

25. SEAC Query 76th meeting dated 07/01/2011

Case No. 546/2010 - M/s Lupin Limited (Old Name: M/s Lupin PharmaCareLtd.), 159, CST, Road, Kalina, Santacruz (E) Mumbai (M.S.) - 400 098 Manufacturing facility for formulation products and active pharmaceuticals ingredients (API) at Plot No. 2, SEZ Phase-II, Misc.Zone Apparel Park, Pithampur, Distt.-Dhar (M.P.)

The case was presented before the committee in the meeting dated 07/01/2011, whereby Committee has asked the PP for submission of information with supporting documents on the queries given below it was also decided in the meeting that PP would be required to make a presentation on the queries:

1. *As the proposed project is expansion of an existing unit, baseline data has to be compared with analyses of impacts and presented.*
2. *Quantity of solvent proposed for use and its recovery has not been reported clearly.*
3. *Mode of transport of raw material and the product to be furnished.*
4. *Water balance for existing and over-all taking into consideration the water generated from reverse osmosis to be furnished*
5. *Analyses report pertaining to ground water has to be re-examined with reference to Zinc, Lead and other heavy metals.*
6. *Fugitive emission monitoring for determination of hydrocarbons concentration and lead has to be monitored in waste water.*

EMP has to elaborate in following format :

- *Identified Impacts*
- *Mitigation Measures*
- *Cost (with break-up)*
- *Responsibility*
- *Organic Carbon to be analyzed in ground water as per TOR.*
- *Analyses of raw water and treated water to be furnished.*
- *Concentration of poly-electrolytes to be checked & reported in the outlet water.*

- *Characterization of all solid wastes received from the treatment.*
- *CSR activities taken up and planned in Dhar District to be furnished.*

As PP has submitted the requisite information with supporting documents it was decided by the committee to call the proponent along with the status of the existing plant with respect to compliances of EC as well as CTO conditions in coming SEAC meeting in accordance to the decision taken in the referred meeting.

26. SEAC Query 68th meeting dated 30/10/2010

Case No. 188/2008 - Manganese Ore India Ltd, 3 Mount Road extension, Moil Bhawan, A-1, katol Road, Chhaoni, Nagpur (M.S.) Kanki Mining Lease for sand, taluka-waraseoni, dist- Balaghat. Mining Lease area 10.156 ha. Prod Cap. 70,000 M3 /Year.

The case was presented before the committee in the meeting dated 30/10/2010, whereby Committee has asked the PP for submission of information with supporting documents on the queries given below:

1. *Written undertaking to be submitted for fulfillment of public hearing commitments.*
2. *Details of CSR activities being taken up by the PP and written commitment including budgetary provisions for CSR activities to be submitted.*
3. *Details of Fauna (terrestrial as well as aquatic) found in the region to be furnished.*
4. *Photographs and details of plantation already carried out in the region.*
5. *NOC from DFO and Gram Sabha to be submitted.*
6. *Distance of the site from the interstate boundary to be submitted.*
7. *Undertaking stating that the sand shall be excavated & used only for captive and no other development (such as any construction activity) shall be made in the river bed.*

Committee after scrutiny of the documents observed that -

- NOC from DFO as submitted by the PP is old (Year- 2000) hence fresh NOC indicating distance of forest boundary, distance of nearest wild life protected area and other sensitive features has to be submitted by the PP.
- NOC from Gram Sabha as submitted by the PP is also very old and revealed that Gram Sabha has recorded some complaints against the project, hence a fresh NOC has to be submitted by the PP.

Hence PP may be asked for submission accordingly.

27. SEAC Query 68th meeting dated 30/10/2010

Case No. 189/2008 - M/s Manganese Ore India Ltd, 3 Mount Road extension, Moil Bhawan, A-1, katol Road, chhaoni, Nagpur, Kanki Mining Lease for sand, taluka-waraseoni, dist- Balaghat. Mining Lease area 5.50 ha. Prod Cap. 70,000 m³/Anum

The case was presented before the committee in the meeting dated 30/10/2010, whereby Committee has asked the PP for submission of information with supporting documents on the queries given below:

1. *Written undertaking to be submitted for fulfillment of public hearing commitments.*
2. *Details of CSR activities being taken up by the PP and written commitment including budgetary provisions for CSR activities to be submitted.*
3. *Details of Fauna (terrestrial as well as aquatic) found in the region to be furnished.*
4. *Photographs and details of plantation already carried out in the region.*
5. *NOC from DFO and Gram Sabha to be submitted.*
6. *Distance of the site from the interstate boundary to be submitted.*
7. *Undertaking stating that the sand shall be excavated & used only for captive and no other development (such as any construction activity) shall be made in the river bed.*

Committee after scrutiny of the documents observed that -

- NOC from DFO as submitted by the PP is old (Year- 2000) hence fresh NOC indicating distance of forest boundary, distance of nearest wild life protected area and other sensitive features has to be submitted by the PP.
- NOC from Gram Sabha as submitted by the PP is also very old and revealed that Gram Sabha has recorded some complaints against the project, hence a fresh NOC may be submitted by the PP.
Hence PP may be asked for submission accordingly.

28. SEAC Query- 76th meeting dated 07/01/11

Case No. 413/2009 – The Proponent, M/s Jain Carbides & Chemicals Ltd. Plot No. 557, 563, 564 Urla Industrial Area Raipur (CG) Manganese Ore mining: 6.264 Ha at Khasara No.16/1 Village- Jagantola, Tehsil- Baihar, Distt.- Balaghat (M.P) Production capacity is 10,000 MTA – Query regarding.

The case was presented before the committee in the meeting dated 07/01/2011,

(V. Subramanian)
Acting Chairman SEAC

(Dr Mohini Saxena)
Member SEAC

(K.P. Nyati)
Member SEAC

(A.P. Srivastava)
Member SEAC

(R.K. Jain)

whereby Committee has asked the PP to submit a clear NOC from concerned forest authority indicating the exact distance of nearest forest boundary from the boundary of lease area as the letter of DFO, Balaghat dated 27/08/2010 reveals that the lease area is adjoining to the Revenue forest land compartment no. 1802.

In reply to said query PP has submitted that this is an existing mine for which EC was obtained from MoEF. Now EC has been requested in view of change in the mining method (from open cast to underground). Further PP has submitted a copy of letter issued from mining Department dated 03/09/2010 clearly stating that new forest NOC for such projects within 250 meters from the forest boundary is not required from State level. Committee decided to **Call the PP for presentation** with details of mining and proximity to forest land.

29. SEAC Query- 67th meeting dated 22/12/09

Case No. 213/2008 - Smt. Ratna Singh, C/o. Sh. Sudhir Singh Tomar, Krishna Nagar, Distt. – Satna (M.P.) Project: Aber Lime Stone Mine, Tehsil-rampurbaghelan, District-Satna Mining Lease Area 17.408 Ha. Prod. Cap. 20,000 T/A.

The case was presented before the committee in the meeting dated 30/10/2010, whereby Committee has asked the PP for submission of information with supporting documents on the queries given below:

- NOC from 'Gram Sabha' and forest department.
- Declaration from the PP and the consultant regarding use of authentic data / facts /figures in the EIA /EMP to be furnished.
- All chemical analyses report from approved laboratory in original format. The chemical analyses should incorporate method of analyses, instruments used and the details of standards used. The date and time of sampling should also be mentioned in the report. Air quality monitoring from approved lab has to be furnished.
- Concrete plan for disbursement of the funds committed for CSR to be submitted.
- Use of Solar energy for utilities and roads has to be explored and implemented – plan to be submitted.
- Distance from the nearest railway line / highway to be furnished.
- Year-wise plan with commitment and budgetary provisions for plantation in 33% of project area within lease period to be submitted. Map showing green belt to be submitted.
- Micro-level features in the 2 Km area in and around the lease have to be furnished.
- Record of the health status of mine workers should be maintained.

Again the case taken up in the 76th meeting dated 07/01/2011, after receiving satisfactory response from the PP on above queries. The case was forwarded to SEIAA with recommendation for grant of prior EC.

A copy of reply of has been received from SEIAA vide letter dated 07/02/2011. This reply has already been discussed by the SEAC in its meeting dated 07/01/2011 and matter is with SEIAA, hence SEAC decided to forward the papers to SEIAA for further action in matter.

3. CF from 76th SEAC meeting dated 07/01/11

Case no. 614/2010- M/s JKM Investment (P) Ltd. MR-10, Near toll tax gate Village- Kumedi, P.O. Bhawrasla, Tehsil- Sawner, District- Indore (M.P) 'Prem Shanti Residency, Opposite to JKM Investment (P) Ltd. Khasra NO. 57, 59/1 Village- Kumedi, P.O. Bhawrasla, Tehsil- Sawner, District- Indore (M.P) – township project in 7 Acres land. Building Construction

The case was presented in the meeting dated 07/01/2011 whereby the PP could not furnish the original documents of land, also could not present the case properly. The documentation was also not up to the mark, hence committee asked the PP for submission of properly documented application with land ownership documents. The case was deferred till submission of the above.

Proponent has submitted the desired documents which were placed before the committee in this meeting. Committee has decided to call the PP for presentation in the meeting scheduled for September 2011; accordingly the PP may be informed.

The case was discussed in the 50th meeting dated 22/03/2010, 58th meeting dated 02/06/2010, 65th meeting dated 29/09/2010 and 43rd meeting dated 10/12/2010.

The case was revert by the SEIAA through its meeting dated 10/12/2010 for reconsideration on following ground:

The Authority while scrutinizing the documents did not find the Rin Pustika showing the ownership of land and a summary EIA report mentioned at Appendix IIIA of EIA notification in the file. It was also decided to ascertain from the SEAC if the work has been already started?

Committee decided to examine the case in next meeting scheduled for **September 2011**.

- 5. Case No. 605/2010** M/s Ramchandra Badriprasad Gour “Gaur Bhavan” Hanumanganj, Distt. -Katni (M.P.)- 482003 Ametha Limestone mine at Khasra No. 311, 336, 350, 327,3 39, 341,344, 351, 326,338,337,328,340,343,345 Vill.- Vijayraghogarh, Distt.- Katni (M.P.) Area- 12.93 Ha. Capa.- 164763 TPA *Env. Consultant: CréativeEnvrio Services*

Nearest habitat was reported to be at 300 meters from the site. In view of proximity to a residential colony committee has decided to visit the site before issuing TOR. Decision to be taken for site visit as per the taken in the 74th meeting dated 5th January 2011. **Committee decided to keep the matter in next meeting.**

- 6. Case no. 397/2009** Shri Deepak Sharma, Girraj Shramik khanij Sahakari Sansthan Maryadit, Mahatoli, Distt. Morena (M.P) – for EIA presentation *Flag*

Stone Quarry (10.0 Ha.) at Khasra No. 572, 574, 575/576, 577 578, & 580/2 Village- Moahatoli, Tehsil - Morena, Distt.- Morena (M.P.) and

Case no. 398/2009 Shri Suresh Singh Rajput, Chairman, Ganesh Khaivariyan Kamgar Udyag Sahakari Samiti Station Road Banmore Distt. Morena (M.P) – for EIA presentation *Flag-stone 10.0 Ha at Khasra No. 579, 580, 583/2, 584, 585, 586, 587, 588 and 592 Village- Mahatoli, Distt.- Morena (M.P).*

The cases were earlier placed before the Committee in 67th SEAC Meeting dated 29th Oct 2010 and 71st meeting dated 13/12/2010.

Examination of the Public Hearing proceedings revealed that there were no adverse comments from the public but Collector Morena has pointed out that the proposed site is in proximity of village Mahatoli and earlier complaints regarding damages due to blasting have been received during visit of the area, owing to the same Collector has recommended that the mine should not be accorded environmental clearance.

Hence committee decided to defer the case till submission of enquiry report from Collector Morena in this context.

Report received from the Collector Morena:

Report from Collector Morena has been received stating that – nearest habitation and school from the proposed mining site is 600 meters away, national conserved monument is 15 Km away & Air port is 20 Km away from the site. The report of joint inspecting team enclosed with the Collector's letter reveals that the public residing in the area have no objection if the mining operation is allowed in the proposed mining site.

As the report of the Joint inspecting team is favourable, the PP of the two cases may be called upon for detail presentation of the EIA /EMP as per the decision taken in 67th and 71st meetings. Committee thus decided to call the project proponent in the meeting to be held in **October 2011**.

Complaints received through SEIAA:

- 1. Case no. 426/2009-** Shri Sanjay Yadav, H/3, Dairy Colony, Gola ka Mandir Distt.-Gwalior (M.P.) – for EIA presentation Stone Gitty Mine - 13.206 Ha, Production Capacity- 40000 MT/Y at Village-Majra, Khasra No.445, 446,447,449 Tehsil& Distt. -Morena (M.P)
