After detailed discussions and perusal of the recommendations of 187th SEAC meeting dtd. 01.05.2015 :-

"Scrutiny of the application and google image reveals that the sand deposition is only at one side of the river bank (of allotted side) and if the sand is removed from this bank erosion will start from the adjoining agricultural land. The similar observations has been made by the SDM vide letter no. 332/15 dated 17/03/15 and has not recommended the case. Taking the cognizance of the above facts, the committee is of the opinion that allowing mining from this site may lead to the environmental damages and recommends that no mining be allowed from this site and case may be sent back to SEIAA"

Collector, Anuppur may be asked to comment on the report of the SDO, Anuppur where he has not recommended the case for EC on account of complaint by the adjoining farmers that their lands will be subjected to land erosion if sand mining is permitted. **Copy of the letter should be endorsed to PP.**
