- 4) Further PP has requested that prior environmental clearance for 35MW captive thermal power plant was granted with additional specific condition that reject coal of coal washery shall be used in the proposed captive power plant. But due to non-availability of sufficient quantity of high ash linkage coal, coal washery remains idle. Therefore, in lieu of non-availability of reject coal from washery, the project of 35MW captive thermal power plant was kept under hold for the period.
- 5) Now PP has also requested that coal block i.e. Bikram having extractable coal reserve 9.44 million tons at Shahdol (MP) allotted to PP, therefore he has capable to regular supply of high ash coal from the said coal block and obtain reject of coal washery for operation of 35 MW captive thermal power plant from 2023. Accordingly requested to extend the validity of EC issued vide letter no. 1429 dtd 05.08.13 for further 03 years i.e. 04.08.2023 for installation of 35 MW captive power plant.
- 6) PP has submitted Compliance report for the period of January to June 19 received on 06-08-19. Compliance report for the period of July to Dec. 19 received on 30-01-20. Compliance report for the period of January to June 2020 received on 03-06-20. Compliance report for the period of Dec. 20 received on 01-01-21. Regarding compliance report PP assured that he will be complied all the stipulated conditions after establishment of the unit.

After detailed discussion, it was decided that the case sent to SEAC regarding examine the availability of reject coal from the coal washery full fill the project requirement and accordingly extension of validity of environmental clearance can be extended upto three years or not. Copy to PP.

Meeting ended with a vote of thanks to the Chair.
